

**BOY SCOUTS
OF AMERICA**

Health Awareness Event!

Date: January 17, 2015

Time: 9:30am-12:30pm

Cost: Free!

Location: Secaucus Library 1379 Paterson Plank Road, Secaucus, NJ
07094

This event is to help a local Boy Scout earn the highest rank of Eagle!

The Event will include demonstrations of DWI Goggles, Automated External Defibrillators, Physical Fitness Techniques and Healthy Eating Ideas.

The Scout will have healthy snacks available for a “suggested donation price”.

All donations will go towards the purchase of Automated External Defibrillators (AEDs) to be donated to the Secaucus Police Department.

The automated external defibrillator (AED) is a computerized medical device. An AED can check a person’s heart rhythm. It can recognize a rhythm that requires a shock and it can advise the rescuer when a shock is needed. The AED uses voice prompts, lights and text messages to tell the rescuer the steps to take. (American heart Association)
