All portrait photos are taken in our 26-foot long studio trailer. We provide a safe, secure and private environment for our photos. Just yourself and the photographer are in the studio, complete with double doors for the safety of your pet, during your photo sitting. Champion Pet and Family Photos strive to capture that unique bond between the pet parent and their pet. You will have the opportunity to choose from anyone of our several backgrounds/settings that best suit what you envision for your pet and family portrait.

The photo shoots will take place in
The Secaucus Animal Shelter lot at
