## ADULT SCENE STUDY & MONOLOGUE CLASS

**OCTOBER 14, 2021**  
**6:30 PM**  
**SECAUCUS LIBRARY**  
(Main Branch)

In this class, individual monologues will be assigned to each student to provide the actor with the ability to deliver the material in an active and powerful way. In the 2nd half of the class, actors will be paired for scenes from theatre/film/tv to explore the fundamentals of reacting and organically responding to partners behaviors and lines using the speck techniques. This class will provide a very unique journey into a discovery of self and how we can use our unique personalities and life experience to create interesting and dynamic relationships on stage and on camera. Space is limited, please register to secure your spot.
