

2025 ROAD PROGRAM PANDOLFI AND RAYDOL AVENUE

Bidder Information – Methods to Receive updates:

All bid addenda or clarifications will be issued on the Town's website at www.Secaucusnj.gov. All interested bidders are solely responsible for checking the website through the bid opening date and time listed above for any changes to the bid specifications or bid opening.

The Town of Secaucus is only responsible for forwarding addendum to the bidders who obtained the bid documents from the Town of Secaucus Engineering office and have left the appropriate contact information, or those who have put the Town of Secaucus on notice that they have received the drawings and specifications from the Town Website. Please Email Razzaq Manley rmanley@secaucus.net to be added to the list.

DATE

**TOWN OF SECAUCUS
NOTICE TO BIDDERS**

PUBLIC NOTICE IS HEREBY GIVEN that sealed bids will be received by the **Town of Secaucus**, County of Hudson, State of New Jersey for the **2025 Road Program Pandolfi and Raydol Avenue**.

Drawings and Specifications may be examined and obtained online at www.Secaucusnj.gov or at the Town of Secaucus' Engineering Office, 1203 Paterson Plank Road, 4th Floor, Secaucus, New Jersey during regular business hours 9:00 A.M – 4:00 P.M.

Said Bids will be received, opened and read aloud in public at the Town of Secaucus Municipal Building, 1203 Paterson Plank Road, 2nd Floor, Council Chambers II on April 8th 2025 at 11:00 A.M. prevailing time.

A NON-REFUNDABLE fee of \$50.00 (Fifty Dollars) in the form of a check payable to the Town of Secaucus will be required for each set of paper drawings and specifications requested.

PAYMENT MUST BE RECEIVED PRIOR TO OBTAINING SAID SPECIFICATIONS, EITHER BY MAIL OR IN PERSON. NO BIDS ARE TO BE DROPPED OFF AT THE ENGINEER'S OFFICE.

The project includes HMA milling & overlay, concrete milling and HMA overlay, concrete curb and gutter, replacement catch basins, reconstruction of concrete curb, sidewalk & driveways, installation of ADA curb ramps, removal of trees, and restoration.

The Town of Secaucus reserves the right to consider bids for sixty (60) days after the receipt thereof, and further reserves the right to reject any or all bids, either in whole or in part and also to waive any informality in any and make such awards or take action as may be in the best interest of the Town of Secaucus. as well as the option to reject any or all bids for any reason set forth in N.J.S.A. 40A:11-13.2 et seq.

An original and two (2) copies of the proposal documents must be submitted to and be received by the Town, via mail or hand delivery, at the time and place stated in the Legal Notice to Bidders. Bid documents **will not** be accepted by facsimile transmission or e-mail. Any and all documents submitted to this Bid Request not received by the Town by the time and date specified for receipt will be rejected.

Bids must be enclosed in sealed envelopes bearing on the outside: The name and address of the bidder, the word "BID", and the bid project number (if applicable) and title. Said bids shall be addressed to the Town Clerk, Town of Secaucus, 1203 Paterson Plank Road, 2rd Floor, Secaucus, New Jersey 07094.

Each bid shall be accompanied by a certified check, cashier's check or bid bond duly executed by the bidder as principal and having as surety thereon a surety company approved by the Town of Secaucus in an amount not less than ten percent (10%) of the total amount of the bid, but in no case in excess of \$20,000.00. Any such bid bond shall be without endorsement or conditions. Bid shall be accompanied by a certificate letter from a surety company stating that it will provide the bidder with the completion bid.

The award of the contract shall be made subject to the necessary moneys to do the work being provided by the Town of Secaucus in a lawful manner. The contract to be executed by the successful bidder will provide that it shall not become effective until the necessary moneys to do the work have been provided by the Town of Secaucus in a lawful manner. The award shall further be subjected to the securing of necessary State, Federal, or Local permits governing the work.

Bidders are required to comply with the requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq. (Affirmative Action), N.J.S.A. 34:11-56.25 et seq. (New Jersey Prevailing Wage Act), and Americans with Disabilities Act of 1990 (42 U.S.C. 12101, et seq.).

The contractor is further notified that he must comply with N.J.S.A. 52:25-24.2 and submit a Disclosure of Ownership Statement.

The contractor is further notified that he must comply with the N.J.S.A. 34:11-56.48 et seq. Public Works Contractor Registration Act and he and any subcontractors must be registered in accordance with the act.

The contractor is also further notified that he must comply with N.J.S.A. 52:32-44 and submit proof of business registration and submit proof of business registration for any named subcontractors in accordance with the act.

By order of the Mayor and Council
Town of Secaucus
Hudson County, New Jersey

Publication date: March 20, 2025

SUBCONTRACTOR DECLARATION

Each bidder shall set forth in the bid the names, address and license number (when required) of each subcontractor for the furnishing of plumbing, and gas fitting and all kindred work, and of the steam power plants, steam and hot water heating and ventilating and refrigeration apparatus and all kindred work, steam power plants and kindred work, and electrical work, including any electrical power plants, tele-data, fire alarm, or security system, and structural steel and ornamental iron work, if any, for the construction, alteration or repair of any public buildings.

A general contractor that intends to utilize a specific subcontractor to perform work in one or more of the specialty trade categories shall provide the required information with regards to that subcontractor in the appropriate space for each specialty trade category applicable to the contract.

Whenever a bid sets forth more than one subcontractor for any of the categories listed below, the bidder shall submit to the contracting unit a certificate signed by the bidder listing each subcontractor named in the bid for the category. The certificate shall set forth the scope of work, goods and services for which the subcontractor has submitted a price quote and which the bidder had agreed to award to each subcontractor should the bidder be awarded the contract. The certificate shall be submitted to the contracting unit simultaneously with the list of the subcontractors. The certificate may take the form of a single certificate listing all subcontractors or, alternatively a separate certificate may be submitted for each subcontractor. If a bidder does not submit a certificate or certificates to the contracting unit, the contracting unit shall award the contract to the next lowest responsible bidder.

All bidders seeking to perform plumbing work on a publically bid contract are required to comply with N.J.S.A. 45:14C-1 et seq. and N.J.A.C. 13:32-1.1 et seq. These provisions require that plumbing work on such contract may only be performed by an entity in which a licenses master plumber owns not less than 10% of the issued and outstanding shares of stock in the corporation, or not less than 10% of the capital of the partnership, or not less than 10% of the ownership of any other firm or legal entity. Accordingly, if a bidder intends to perform plumbing work on a public bid contract with its own employees or by the bidder himself, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-1 et seq. and N.J.A.C. 13:32-1.1 et seq. in the entity submitting the bid. Alternately, if a bidder intends to perform such work through a subcontractor, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-1 et seq. and N.J.A.C. 13:32-1.1 et seq. in the subcontractor.

There shall be submitted proof that each subcontractor is qualified in accordance with the rules and regulations of the State of New Jersey when such rules and regulations exist.

A general contractor that intends to perform work in one or more of the specialty trade categories through the use of its own employees or the general contractor himself rather than through the utilization of a subcontractor shall write the work "**IN-HOUSE**" next to each applicable category and then inset the name, and license number where required, of each such employee or the general contractor himself in the appropriate spaces for each specialty trade category applicable to the contract.

If the contract does not involve the any of the specialty trade categories below, please insert the word "**NONE**" in each appropriate space provided.

BID SECURITY

Attach bid bond, cashier's check or certified check in the amount of 10% of the bid, but not in excess of \$20,000.00.

CONSENT OF SURETY

Attach Consent of Surety from a Surety Company, meeting the requirements, described herein, stating that if the bidder is awarded the contract that the surety company will supply the bonds for the contract.

1. Must be irrevocable, unconditional commitment by the surety to issue on behalf of the bidder the bond or bonds set forth in the contract documents upon award of the project in the full amounts specified.
2. Must include all bonds required by the contract documents i.e. performance, labor and material payment, maintenance, environmental, etc.
3. Certificate (Consent) of Surety is not waivable and will be considered a material defect resulting in rejection of bid if omitted from bid package.
4. Must not contain any provision that would serve to limit the surety's liability to the "spread to second" bidder in the event the bidder fails to enter into a contract upon award.

Sample wording is as shown below:

CONSENT OF SURETY

KNOW ALL MEN BY THESE PRESENTS, that for and consideration of the sum of \$_____, lawful money of the United States of America, the receipt whereof is hereby acknowledged, paid the undersigned, and for other valuable consideration, the

_____ Insurance Company,
(Surety Company)

_____ (Address)

Existing under the laws of the State of New Jersey and license _____ State _____ Jersey certifies and agrees, that if the contract for (Contracting Agency) _____ for: (Project)

PUBLIC WORKS CONTRACTOR REGISTRATION FORM

N.J.S.A. 34:11-56.48 et seq. requires that contractors and subcontractors, be registered with the New Jersey Department of Labor, Division of Wage and Hour Compliance. The definition in the law is as follows:

“Contractor means a person, partnership, association, joint stock company, trust, corporation, or other legal business entity or successor thereof who enters into a contract which is subject to the provisions of the “New Jersey Prevailing Wage Act, “P.L.1963, c.150 (C.34:11-56.25 et seq.) and includes and subcontractor or lower tier subcontractor of a contractor as defined herein.”

1. All named contractors in a bid proposal (including out-of-state contractors) must be registered with the Department of Labor’s Division of Wage and Hour Compliance at the time proposals are received by the public entity.
2. All named sub-contractors must be registered with the Department of Labor pursuant to the PWCRA at the time the proposal is received, or the proposal will be determined to be non-responsive.
3. Any non-listed sub-contractor must be registered with the Department of Labor prior to physically starting work.
4. The law requires contractors to submit certificates after bid proposal is received and prior to awarding the contract. (N.J.S.A. 34:11-56.55)
5. After bid proposals are received, and prior to contract award, the contractor must submit to the public entity copies of certifications of all listed sub-contractors.
6. Prior to the work being performed by non-listed subcontractors, the contractor must submit to the public entity copies of certifications of all non-listed subcontractors.

Please indicate below, for the bidder and all subcontractors listed on the “Subcontractor Declaration” herein, as to their registration with the NJ Department of Labor, Division of Wage and Hour compliance in accordance with N.J.S.A. 34:11-56.48 et seq.

NEW JERSEY “BUSINESS REGISTRATION CERTIFICATE” FORM

N.J.S.A. 52:32-44 et seq. requires that Business Organizations, be registered with the New Jersey Department of Treasury, Division Revenue. The definition in the law is as follows:

““Contractor” means a business organization that seeks to enter, or has entered into, a contract with a contracting agency;

“Contract” means any agreement, including but not limited to a purchase order or a formal agreement for the provision of goods, performance of services, or construction of a construction project, which is a legally binding relationship enforceable by law, between a contractor and a contracting agency that agrees to compensate the contractor, as defined by and subject to the terms and conditions of the agreement; and where the goods that are received, services that are delivered, and construction that is constructed is within the geographic borders of the State of New Jersey and where:

1. The value of a single contract with the contractor is in excess of 15 percent of the amount of the contracting agency’s bid threshold; or
2. When the aggregate amount of contracts with the contractor, during the fiscal year of the contracting agency, exceeds 15 percent of the amount of the contracting agency’s bid threshold.

Please indicate below, for the bidder and all subcontractors listed on the “Subcontractor Declaration” herein, as to their registration with the New Jersey Department of Treasury, Division of Revenue in accordance with N.J.S.A. 52:32-44 et seq.

The Contractor shall provide the contracting agency with the business registration of the contractor and that of any names subcontractor prior to the time a contract, purchase order, or their contracting document is awarded or authorized.

AFFIRMATIVE ACTION COMPLIANCE NOTICE
N.J.S.A. 10:5-31 and N.J.A.C. 17:27

GOODS AND SERVICES CONTRACTS
(INCLUDING PROFESSIONAL SERVICES)

This form is a summary of the successful bidder's requirement to comply with the requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq.

1. All successful contractor(s) must submit, to the agencies named below, after a notification of award but prior to the signing of the contract an Initial Project Workforce Report (Form AA201) for any contract award that meets or exceeds the Public Agency bidding threshold.
2. The successful contractor(s) must submit the appropriate copies of the Initial Project Workforce Report (Form AA201) to the Division of Contract Compliance and the appropriate copy to the Public Agency.
3. The successful contractor(s) must submit a copy of the Monthly Workforce Report (Form AA202) once a month thereafter for the duration of this contract to the Division and to the public agency compliance officer.

The undersigned certifies that he/she is aware of the commitment to comply with the requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq. and agrees to furnish the required forms of evidence.

The undersigned further understands that his/her bid may be rejected as non-responsive if the requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq. are not complied with.

BID SOLICITATION # AND TITLE: _____

VENDOR NAME: _____

PURSUANT TO N.J.S.A. 52:25-24.2, ALL PARTIES ENTERING INTO A CONTRACT WITH THE STATE ARE REQUIRED TO PROVIDE A STATEMENT OF OWNERSHIP.

YES NO

- The vendor is a **Non-Profit Entity**; and therefore, no disclosure is necessary.
- The vendor is a **Sole Proprietor**; and therefore, no other disclosure is necessary.
A Sole Proprietor is a person who owns an unincorporated business by himself or her-self.
A limited liability company with a single member is not a Sole Proprietor.
- The vendor is a **corporation, partnership, or limited liability company**.

If you answered **YES** to Question 3, you must disclose the following: **(a)** the names and addresses of all stockholders in the corporation who own 10% or more of its stock, of any class; **(b)** all individual partners in the partnership who own a 10% or greater interest therein; or, **(c)** all members in the limited liability company who own a 10% or greater interest therein.*

- As an alternative to completing this form, a Vendor with any direct or indirect parent entity which is publicly traded, may submit the name and address of each publicly traded entity and the name and address of each person that holds a 10% or greater beneficial interest in the publicly traded entity as of the last annual filing with the federal Securities and Exchange Commission or the foreign equivalent, and, if there is any person that holds a 10% or greater beneficial interest, also shall submit links to the websites containing the last annual filings with the federal Securities and Exchange Commission or the foreign equivalent and the relevant page numbers of the filings that contain the information on each person that holds a 10% or greater beneficial interest.*

* Attach additional sheets if necessary

SUBCONTRACTOR DECLARATION

Each bidder shall set forth in the bid the names, address and license number (when required) of each subcontractor for the furnishing of plumbing, and gas fitting and all kindred work, and of the steam power plants, steam and hot water heating and ventilating and refrigeration apparatus and all kindred work, steam power plants and kindred work, and electrical work, including any electrical power plants, tele-data, fire alarm, or security system, and structural steel and ornamental iron work, if any, for the construction, alteration or repair of any public buildings.

A general contractor that intends to utilize a specific subcontractor to perform work in one or more of the specialty trade categories shall provide the required information with regards to that subcontractor in the appropriate space for each specialty trade category applicable to the contract.

Whenever a bid sets forth more than one subcontractor for any of the categories listed below, the bidder shall submit to the contracting unit a certificate signed by the bidder listing each subcontractor named in the bid for the category. The certificate shall set forth the scope of work, goods and services for which the subcontractor has submitted a price quote and which the bidder had agreed to award to each subcontractor should the bidder be awarded the contract. The certificate shall be submitted to the contracting unit simultaneously with the list of the subcontractors. The certificate may take the form of a single certificate listing all subcontractors or, alternatively a separate certificate may be submitted for each subcontractor. If a bidder does not submit a certificate or certificates to the contracting unit, the contracting unit shall award the contract to the next lowest responsible bidder.

All bidders seeking to perform plumbing work on a publically bid contract are required to comply with N.J.S.A. 45:14C-1 et seq. and N.J.A.C. 13:32-1.1 et seq. These provisions require that plumbing work on such contract may only be performed by an entity in which a licenses master plumber owns not less than 10% of the issued and outstanding shares of stock in the corporation, or not less than 10% of the capital of the partnership, or not less than 10% of the ownership of any other firm or legal entity. Accordingly, if a bidder intends to perform plumbing work on a public bid contract with its own employees or by the bidder himself, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-1 et seq. and N.J.A.C. 13:32-1.1 et seq. in the entity submitting the bid. Alternately, if a bidder intends to perform such work through a subcontractor, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-1 et seq. and N.J.A.C. 13:32-1.1 et seq. in the subcontractor.

There shall be submitted proof that each subcontractor is qualified in accordance with the rules and regulations of the State of New Jersey when such rules and regulations exist.

A general contractor that intends to perform work in one or more of the specialty trade categories through the use of its own employees or the general contractor himself rather than through the utilization of a subcontractor shall write the work "**IN-HOUSE**" next to each applicable category and then inset the name, and license number where required, of each such employee or the general contractor himself in the appropriate spaces for each specialty trade category applicable to the contract.

If the contract does not involve the any of the specialty trade categories below, please insert the word "**NONE**" in each appropriate space provided.

BID SECURITY

Attach bid bond, cashier's check or certified check in the amount of 10% of the bid, but not in excess of \$20,000.00.

CONSENT OF SURETY

Attach Consent of Surety from a Surety Company, meeting the requirements, described herein, stating that if the bidder is awarded the contract that the surety company will supply the bonds for the contract.

1. Must be irrevocable, unconditional commitment by the surety to issue on behalf of the bidder the bond or bonds set forth in the contract documents upon award of the project in the full amounts specified.
2. Must include all bonds required by the contract documents i.e. performance, labor and material payment, maintenance, environmental, etc.
3. Certificate (Consent) of Surety is not waivable and will be considered a material defect resulting in rejection of bid if omitted from bid package.
4. Must not contain any provision that would serve to limit the surety's liability to the "spread to second" bidder in the event the bidder fails to enter into a contract upon award.

Sample wording is as shown below:

CONSENT OF SURETY

KNOW ALL MEN BY THESE PRESENTS, that for and consideration of the sum of \$_____, lawful money of the United States of America, the receipt whereof is hereby acknowledged, paid the undersigned, and for other valuable consideration, the

PUBLIC WORKS CONTRACTOR REGISTRATION FORM

N.J.S.A. 34:11-56.48 et seq. requires that contractors and subcontractors, be registered with the New Jersey Department of Labor, Division of Wage and Hour Compliance. The definition in the law is as follows:

“Contractor means a person, partnership, association, joint stock company, trust, corporation, or other legal business entity or successor thereof who enters into a contract which is subject to the provisions of the “New Jersey Prevailing Wage Act, “P.L.1963, c.150 (C.34:11-56.25 et seq.) and includes and subcontractor or lower tier subcontractor of a contractor as defined herein.”

1. All named contractors in a bid proposal (including out-of-state contractors) must be registered with the Department of Labor’s Division of Wage and Hour Compliance at the time proposals are received by the public entity.
2. All named sub-contractors must be registered with the Department of Labor pursuant to the PWCRA at the time the proposal is received, or the proposal will be determined to be non-responsive.
3. Any non-listed sub-contractor must be registered with the Department of Labor prior to physically starting work.
4. The law requires contractors to submit certificates after bid proposal is received and prior to awarding the contract. (N.J.S.A. 34:11-56.55)
5. After bid proposals are received, and prior to contract award, the contractor must submit to the public entity copies of certifications of all listed sub-contractors.
6. Prior to the work being performed by non-listed subcontractors, the contractor must submit to the public entity copies of certifications of all non-listed subcontractors.

Please indicate below, for the bidder and all subcontractors listed on the “Subcontractor Declaration” herein, as to their registration with the NJ Department of Labor, Division of Wage and Hour compliance in accordance with N.J.S.A. 34:11-56.48 et seq.

NEW JERSEY “BUSINESS REGISTRATION CERTIFICATE” FORM

N.J.S.A. 52:32-44 et seq. requires that Business Organizations, be registered with the New Jersey Department of Treasury, Division Revenue. The definition in the law is as follows:

““Contractor” means a business organization that seeks to enter, or has entered into, a contract with a contracting agency;

“Contract” means any agreement, including but not limited to a purchase order or a formal agreement for the provision of goods, performance of services, or construction of a construction project, which is a legally binding relationship enforceable by law, between a contractor and a contracting agency that agrees to compensate the contractor, as defined by and subject to the terms and conditions of the agreement; and where the goods that are received, services that are delivered, and construction that is constructed is within the geographic borders of the State of New Jersey and where:

1. The value of a single contract with the contractor is in excess of 15 percent of the amount of the contracting agency’s bid threshold; or
2. When the aggregate amount of contracts with the contractor, during the fiscal year of the contracting agency, exceeds 15 percent of the amount of the contracting agency’s bid threshold.

Please indicate below, for the bidder and all subcontractors listed on the “Subcontractor Declaration” herein, as to their registration with the New Jersey Department of Treasury, Division of Revenue in accordance with N.J.S.A. 52:32-44 et seq.

The Contractor shall provide the contracting agency with the business registration of the contractor and that of any names subcontractor prior to the time a contract, purchase order, or their contracting document is awarded or authorized.

AFFIRMATIVE ACTION COMPLIANCE NOTICE
N.J.S.A. 10:5-31 and N.J.A.C. 17:27

GOODS AND SERVICES CONTRACTS
(INCLUDING PROFESSIONAL SERVICES)

This form is a summary of the successful bidder's requirement to comply with the requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq.

1. All successful contractor(s) must submit, to the agencies named below, after a notification of award but prior to the signing of the contract an Initial Project Workforce Report (Form AA201) for any contract award that meets or exceeds the Public Agency bidding threshold.
2. The successful contractor(s) must submit the appropriate copies of the Initial Project Workforce Report (Form AA201) to the Division of Contract Compliance and the appropriate copy to the Public Agency.
3. The successful contractor(s) must submit a copy of the Monthly Workforce Report (Form AA202) once a month thereafter for the duration of this contract to the Division and to the public agency compliance officer.

The undersigned certifies that he/she is aware of the commitment to comply with the requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq. and agrees to furnish the required forms of evidence.

The undersigned further understands that his/her bid may be rejected as non-responsive if the requirements of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq. are not complied with.

BID SOLICITATION # AND TITLE: _____

VENDOR NAME: _____

Pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) any person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract must certify that neither the person nor entity, nor any of its parents, subsidiaries, or affiliates, is identified on the New Jersey Department of the Treasury's Chapter 25 List as a person or entity engaged in investment activities in Iran. The Chapter 25 list is found on the Division's website at <https://www.state.nj.us/treasury/purchase/pdf/Chapter25List.pdf>. Vendors/Bidders must review this list prior to completing the below certification. If the Director of the Division of Purchase and Property finds a person or entity to be in violation of the law, s/he shall take action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

CHECK THE APPROPRIATE BOX

I certify, pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4), that neither the Vendor/Bidder listed above nor any of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List of entities determined to be engaged in prohibited activities in Iran.

OR

I am unable to certify as above because the Vendor/Bidder and/or one or more of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List. I will provide a detailed, accurate and precise description of the activities of the Vendor/Bidder, or one of its parents, subsidiaries or affiliates, has engaged in regarding investment activities in Iran by completing the information requested below.

| | |

PAY TO PLAY ADVISORY
Disclosure Requirement
P.L. 2005, Chapter 271, Section 3 Reporting
(N.J.S.A. 19:44A – 20.27)

Any business entity that has received \$50,000 or more in contracts from government entities in a calendar year will be required to file an annual disclosure report with ELEC.

The report will include certain contributions and contract information for the current calendar year.

At a minimum, a list of all business entities that file an annual disclosure report will be listed on ELEC's website at www.elec.state.nj.us.

If you have any questions please contact ELEC at:
1-888-313-ELEC (toll free in NJ) or
609-292-8700

An analyst from ELEC's Special Programs Section will assist you.

INFORMATION FOR BIDDERS

1.0 BID PREPARATION

1.01 EXAMINATION AND RESPONSIBILITY

Bidders are directed to examine for themselves the drawings, specifications, estimated quantities and the location of the proposed work. They shall exercise their own judgment as to the scope and nature of the work; the difficulties to be encountered and the quantities that may actually be encountered in the work. Each bidder is fully responsible for having reviewed and understood these specifications previous to submitting his bid, that his bid covers and complies with all requirements of the Contract Documents, and shall not at any time thereafter assert any claim related to any misunderstanding of the nature or amount of work to be done.

1.02 CONDITION OF WORK

Each bidder must inform himself fully of the conditions relative to the construction under which the work is now being or will be performed. Failure to do so will not relieve a successful bidder of his obligation to furnish all materials and labor necessary to carry out the provisions of the contract documents and to complete the contemplated work for the construction as set forth in his bid. The Contractor in the carrying out of his work must employ such methods or means that will not cause any interruptions or interference with the work of any other contractor (if applicable).

1.03 OBLIGATIONS OF BIDDERS

At the time of the opening of bids each bidder will be presumed to have inspected the site and to have read and to be thoroughly familiar with the drawings and contract documents (including all addenda). The failure or omission of any bidder to receive or examine any form, instrument or documents, shall in no way relieve any bidder from any obligations contained therein.

1.04 ADDENDA, BID SPECIFICATIONS CHALLENGES AND INTERPRETATIONS

The Table of Contents indicates the number of pages of each section of the document. If any bidder finds that a page was miss-copied or is missing, please contact the Engineer. The page(s) will be faxed to the bidder. Issuance of any such pages will not be considered an Addendum to the contract or specifications.

No interpretations of the meaning of the drawings, specifications or other contract documents will be made to any bidder orally. Every request for such interpretation should be made in writing, addressed to the Engineer, and to be given consideration, must be received at least ten (10) days prior to the final date fixed for receiving bids. Any and all such interpretations and/or supplemental instructions will be in the form of written addenda to the specifications, which if issued, will be issued in accordance with applicable State Laws.

Any bidder who wishes to challenge a bid specification shall file such challenges in writing with the Engineer no less than three business days prior to the opening of bids. Challenges filed after that time shall be considered void and having no impact on the contracting unit or the award of contract.

Failure of any bidder to receive any such addendum or interpretations shall not relieve any bidder from any such obligations therein under his bid submitted. All addenda so issued shall become part of the contract documents, and shall be attached to the bid from when submitted.

1.05 QUALIFICATIONS OF BIDDERS

The owner may make such investigation as is necessary to determine the responsibility of the bidder and/or the ability of the bidder to perform the work. The bidder shall furnish to the owner all such information and data for this purpose as the Owner may request. The Owner reserves the right to reject any bid if evidence submitted by, or investigation of, such bidder fails to satisfy the Owner that said bidder is responsible or properly qualified to carry out the obligations of the contract and to complete the work therein contemplated.

Conditional bids will not be accepted. Bids which are incomplete or obscure may be rejected at Owner's option.

1.06 DISCLOSURE STATEMENT (N.J.S.A. 52:25-24.2)

No corporation or partnership shall be awarded any contract nor shall any agreements be entered into for the performance of any work or the furnishing of any materials or supplies, the cost of which is to be paid with any public funds, by the State, County, Municipality or School District, or any subsidiary or agency of the State, County, Municipality or School District or by any Authority, Board or Commission which exercises governmental function, unless prior to the receipt of the bid of said corporation or said partnership, there is submitted a statement setting forth the name and address of all stockholders in the corporation or partnership who owns ten percent or more of its stock of any class or of all individual partners in the partnership who owns ten percent or greater interest therein, as the case may be. If one or more such stockholders or partner is itself a corporation's stock or the individual partners owning ten percent or greater interest is that partnership as the case may be, shall also be listed. The disclosure shall be continued until the names and addresses of every non-corporate stockholders and individual partner exceeding the ten percent ownership criteria established in this act has been listed. If the bidder is not a corporation, or partnership, it should so indicate on the disclosure statement.

1.07 MANUFACTURED ARTICLES

In the specifications and on accompanying drawings, there are specific and shown certain pieces of equipment and materials, deemed most suitable for the service anticipated. This is not done, however, to eliminate other equipment and materials equally as good and efficient. When a bidder submits an equivalent, it shall be the responsibility of the bidder to document the equivalence claim. Failure to submit such documents shall be grounds for the rejection of the claim of equivalence. The bidder shall prepare his bid on the basis of the particular equipment and materials specified or shown, and shall be responsible for the coordination, arrangement and location of all equipment and material incorporated in the work.

1.08 BID SECURITY AND CONSENT OF SURETY

Each bid shall be accompanied by a Certified Check, Cashier's Clerk or Bid Bond duly executed by the bidder as principal, and having as surety thereon a Surety Company approved by the Owner, in an amount not less than ten percent (10%) of the amount bid but in no case in excess of \$20,000.00. Any such Bid Bond shall be without endorsement or conditions. Bids shall also be accompanied with a certificate letter from a surety company stating that it will provide the bidder with the requisite completion performance and payment bonds, i.e. a Consent of Surety.

Such bid guarantee will be returned to all bidders, except to the three apparent lowest responsible bidders, within ten days after the formal opening of bids, Sundays and Holidays excepted.

The bid guarantee will be returned to the remaining unsuccessful bidders within three days, Sundays and holidays excepted, after the Owner and the accepted bidder have executed the contract and the Owner has approved the Bidder's performance Bond, or if no contract has been awarded within 60 days after the date of opening bids, any

bidder upon demand made after the expiration of said 60 day period, shall be entitled to the return of his bid guarantee, so long as he has not been notified by the Owner of the acceptance of his bid.

Any such bid guarantee shall be forfeited and become the property of the owner if the bidder whose bid is accepted shall fail: to give a satisfactory performance bond and labor and material payment bond, or a combination performance and labor and material payment bond, and/or fails to execute a contract within ten (10) days after notice from the Owners to do so.

1.09 NEW JERSEY BUSINESS REGISTRATION REQUIREMENTS

The contractor shall comply with the requirements of the Business Registration Law, N.J.S.A. 52:32-44 (P.L. 2004, c. 57). The contractor shall submit a copy of its business registration certificate as part of its Statement. For information on the Business Registration Law go to: <http://www.state.nj.us/njbusiness/registration>.

The contractor shall provide written notice to its subcontractors and suppliers of the responsibility to submit proof of business registration to the contractor. The requirement of proof of business registration extends down through all levels (tiers of the project).

Before final payment on the contract is made by the contracting agency, the contractor shall submit an accurate list and the proof of business registration of each subcontractor or supplier used in the fulfillment of the contract, or shall attest that no subcontractors were used.

For the term of the contract, the contractor and each of its affiliates and a subcontractor and each of its affiliates [N.J.S.A. 52:32-44(g)(3)] shall collect and remit to the Director, New Jersey Division of Taxation, the use tax due pursuant to the Sales and Use Tax Act on all sales of tangible personal property delivered into this State, regardless of whether the tangible personal property is intended for a contract with a contracting agency.

2.0 SUBMISSION OF BIDS

2.01 GENERAL

Bidder must submit their bid on the respective "Bid Form and Package" included hereto.

No bid will be accepted or opened if received after the designated time for receipt.

For each bid made, all blank spaces in the Bid Form must be filled in, in ink, with the unit prices of the item and its extension. All bid forms submitted will be checked for arithmetic accuracy. In the event of a discrepancy between the unit price bid for any Pay Item and the extension shown for that item under the column of the Proposal Form designated "Amount," the unit price is to govern. Where a unit price is bid for a Pay Item, but no extension is provided, the Owner will provide the extension bases on the unit price bid and the estimated quantity for that Pay Item. Where an extension is provided by the Bidder in the "Amount" column, but no unit price appears in the "Unit Price" column of the Proposal Form, the Owner will provide the unit price by dividing the "Amount" figure provided by the Bidder by the estimated quantity.

Award will be made on the basis of the Total Contract Price. The Total Contract Price means the correctly determined summation of lump sum bids and products of all quantities for Pay Items shown in the Proposal form multiplied by the unit prices bid.

If there are minimum unit prices included in the bid form, those prices shall be the minimum acceptable unit price for the work. If bidder fails to exceed the minimum unit price in his bid, the unit price will be set to the minimum price stated on the bid form, with the appropriate increase to the extension of the unit price and total bid price.

Where no figure is provided by the Bidder in both the "Unit Price" and "Amount" columns for one or more Pay Items, or where no figure is provided in the "Amount" column for one or more lump sum Pay Items the Owner will consider the amount bid to be zero (\$0.00) for that item.

Any bid may be submitted or withdrawn prior to the scheduled time for the opening of bids, or authorized postponement thereof. Any bid received after the time and date specified in the Notice to Bidders will not be considered. No bid may be withdrawn within 60 days after the actual date of opening thereof, unless otherwise provided for by law.

2.02 PRICE TO INCLUDE

The bid submitted must cover the entire cost of the contemplated construction and installation as illustrated on the drawings and in the manner and detail described in the specifications. The price bid for each item shall cover the entire cost of its installation, construction, and completion, including all materials, workmanship, and appurtenances necessary for its completion or as implied by illustration on the drawings, by description in the specifications, or to be reasonably inferred therefrom.

2.03 REJECTION OF BIDS

The owner reserves the right to reject all bids, to reject any bid or bids not complying with the specifications, and to waive any informality in any bid or bids if such waiver be deemed by the Owner to be in the best interest of the Owner in accordance with the requirements contained in N.J.S.A. 40A:11-1 et seq.. Each bidder is instructed to be present in person or by representative at the time and place fixed for the opening of bids and at any subsequent meeting of the Owner at which the bidder is advised, or it has been publicly announced at the time of bids, that said bids shall receive further consideration or shall be acted upon, if said bidder desires an opportunity to be heard.

2.04 AWARD OF BIDS

The award of the contract will be made, subject to necessary monies to do the work being provided by the Owner in accordance with the requirements contained in N.J.A.C. 5:30-1.1 et seq., Local Finance Board either by Resolution, Ordinance, or in other lawful manner. The contract to be executed by the successful bidder will provide that it shall not become effective until the necessary monies to do the work have been provided by the Owner, either by Resolution, Ordinance or another lawful manner.

In accordance with N.J.S.A. 34:11-56.25 et seq., New Jersey Sate Prevailing Wage Act, no contract shall be awarded to any contractor, subcontractor, or to any firm, corporation or partnership in which such contractor or subcontractor has an interest, who is debarred from public works.

3.0 CONTRACTS

3.01 DRAWINGS AND SPECIFICATIONS FURNISHED

The Engineer shall furnish, at no additional cost to the successful bidder, one executed contract set of drawings and specifications, and two copies of the specifications and drawings. All additional copies of the drawing and/or specifications shall be furnished to the contractor at the cost of reproduction plus handling.

3.02 PERFORMANCE, PAYMENT AND MAINTENANCE BONDS

The bidder whose bid is accepted shall furnish to the Owner, a performance bond and labor and material payment bond, or a combination performance and labor material payment bond, and at the completion of the work, a two

(2) year maintenance bond, each in the amount of 100% of the final contract price, with such sureties as shall be approved by the Owner and as detailed and described below.

All surety companies must be authorized to transact such business in New Jersey, pursuant to N.J.S.A. 17:17-10 or 17:32-1 et seq. The surety must designate a New Jersey agent on whom service of process can be made. The Contractor shall be responsible for updating the surety's expiration from the list or an agent change, to the Engineer or Owner. All surety companies must have the minimum capital and surplus or net cash assets required, pursuant to N.J.S.A. 17:17-6 or 17:17-7, whichever is applicable, on the date of advertisement for the project. All surety companies must complete a Surety Disclosure Statement and Certification for all payment and performance bonds, pursuant to N.J.S.A. 2A:44-143(d).

In addition, for these public works project bids, including any and all alternates, that equals at least \$850,000.00 but not more than \$3.5 million, the surety company must hold a current certificate of authority issued by the U.S. Secretary of the Treasury that is valid in New Jersey as listed annually in the U.S. Treasury Circular 570. However, if the surety company has been operational for a period in excess of five years, the surety company shall also be considered by an independent nationally recognized United States rating company that determines the financial stability of insurance companies. Such rating companies must meet standards promulgated by the N.J. Commissioner of Insurance N.J.A.C. 11:1-41.1 et seq.

3.03 LAWS AND REGULATIONS

The bidder's attention is directed to the fact that all applicable Federal, State, County and municipal laws ordinances, regulations, etc. and the rules and regulations of all authorities having jurisdiction over the contract the same as though therein written out in full including but not limited to the "Occupational Safety and Health Act of 1970" P.L. 91-596, as amended.

3.04 PERMITS

The Contractor shall determine which construction permits and licenses shall be needed, and shall procure and pay for all such construction permits and licenses necessary for the execution of his work.

3.05 CONTRACT DOCUMENTS

Attached hereto is the "form of Contract" that will be executed between the Owner and the Contractor.

The Contractor shall execute and return these documents with the required bonds, insurance certificates, affirmative action forms and other documents required within ten (10) days after receipt of the request for execution.

3.06 NOTICE TO PROCEED

After approval and execution of the contract documents by all parties and a preconstruction meeting, the contractor shall be sent a "Notice to Proceed". This document serves as the formal authorization to proceed with the project.

Any and all work performed by the contractor prior to receipt of the Notice to Proceed is at the contractor's risk with no claim against the Owner for such work.

4.0 AFFIRMATIVE ACTION AGAINST DISCRIMINATION

4.01 AFFIRMATIVE ACTION REQUIREMENTS

The successful Contractor agrees to comply with the requirements of N.J.S.A. 10:5-31 et seq. (P.L. 1975, c. 127 as amended) and N.J.A.C. 17:27-1.1 et seq. The Contractor agrees to the mandatory language and terms set forth below as required by N.J.A.C. 17:27-1.1 et seq. Prior to the execution of the Contract, the successful Contractor will submit: (1) evidence that the Contractor is operating under an existing federally approved affirmative action program, (2) a Certificate of Employee Information Report, issued in accordance with N.J.A.C. 17:27-4, or (3) a completed initial Affirmative Action Employee Information Report (Form AA-302).

4.02 MANDATORY AFFIRMATIVE ACTION LANGUAGE

- a. The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation or sex. Except with respect to affectional or sexual orientation, the contractor will take affirmative action to ensure that such applicants are recruited and employed and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation or sex. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.
- b. The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation or sex.
- c. The contractor or subcontractor, where applicable, will send to each labor union or representative or workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- d. The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.
- e. The contractor or subcontractor agrees to make good faith efforts to employ minority and women workers consistent with the applicable county employment goals established in accordance with N.J.A.C. 17:27-5.2 or a binding determination of the applicable county employment goals determined by the Division, pursuant to N.J.A.C. 17:27-5.2.
- f. The contractor or subcontractor agrees to inform in writing its appropriate recruitment agencies including, but not limited to, employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, affectional or sexual orientation or sex, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

- g. The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the State of New Jersey and as established by applicable federal law and applicable federal court decisions.
- h. In conforming with the applicable employment goals, the contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and layoff to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, affectional or sexual orientation or sex, consistent with the statutes and court decisions of the State of New Jersey, and applicable federal law and applicable federal court decision.
- i. The contractor shall submit to the public agency, after notification of award but prior to execution of a goods and services contract, one of the following three documents: (1) Letter of Federal Affirmative Action Plan Approval; (2) Certificate of Employee Information Report; or (3) Employee Information Report Form AA302.
- j. The contractor and its subcontractors shall furnish such reports or other documents to the Division of Contract Compliance & EEO as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Contract Compliance & EEO for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code at N.J.A.C. 17:27.

4.03 AMERICANS WITH DISABILITIES ACT OF 1990

Discrimination on the basis of disability in contracting for the purchase of goods and services is prohibited. The successful contractor agrees to comply with the requirements of Title II of the Americans with Disabilities Act of 1990 ("Act"). The contractor agrees to the mandatory language and terms of the Act as follows:

- a. The Contractor and the Town do hereby agree that the provisions of Title II of the Americans with Disabilities Act of 1990 (the "Act") (42 U.S.C. § 12101 *et seq.*), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the Town pursuant to this contract, the Contractor agrees that the performance shall be in strict compliance with the Act. In the event that the Contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the Contractor shall defend the Town in any action or administrative proceeding commenced pursuant to this Act. The Contractor shall indemnify, protect, and save harmless the Town, its agents, servants, and employees from and against any and all suits, claims, losses, demands or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The Contractor shall, at its own expense, appear, defend and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the Town's grievance procedure, the Contractor agrees to abide by any decision of the Town which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the Town or if the Town incurs any expense to cure a violation of the Act which has been brought pursuant to its grievance procedure, the Contractor shall satisfy and discharge the same at its own expense.
- b. The Town shall, as soon as practicable after a claim has been made against it, give written notice thereof to the Contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the Town or any of its agents, servants and employees, the Town shall expeditiously

forward or have forwarded to the Contractor every demand, complaint, notice, summons, pleading or other process received by the Town or its representatives.

- c. It is expressly agreed and understood that any approval by the Town of the services provided by the Contractor pursuant to this contract will not relieve the Contractor of the obligation to comply with the Act and to defend, indemnify, protect and save harmless the Town pursuant to this paragraph.
- d. It is further agreed and understood that the Town assumes no obligation to indemnify or save harmless the Contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of the contract. Furthermore, the Contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the Contractor's obligations assumed in the contract, nor shall they be construed to relieve the Contractor from any liability, nor preclude the Town from taking any other actions available to it under any other provisions of the contract or otherwise at law.

CONTRACT FOR 2025 ROAD PROGRAM PANDOLFI AND RAYDOL AVENUE

THIS AGREEMENT, between the Town of Secaucus, a municipal corporation of the State of New Jersey, having its principal offices located at *1203 Paterson Plank Road, Secaucus NJ 07094* hereinafter referred to as Owner and _____, having its principal place of business located _____ hereinafter referred to as "Contractor;"

WITNESSETH.

That for and in consideration of the sum of \$ _____, Contractor agrees to furnish to the Owner, the labor, material, equipment and services in accordance with the contract documents hereinafter set forth.

That for and in consideration of the amount payable under this agreement by the Owner, the Contractor agrees, at its own proper cost and expense, and with due skill and diligence, that it will complete the **2024 Road program Dorigo Lane** project in accordance with the contract documents and in compliance with this agreement.

Contractor agrees to receive as full compensation the amount stated herein, namely \$ _____ for said services provided to the Owner. Contractor shall be responsible for all loss or damage arising out of the furnishing of the services aforesaid.

To prevent all disputes and litigation, it is agreed by and between the parties to the Contract that the Owner shall in all cases determine the quantity of the goods delivered and paid for under this contract, and as to the interpretation of any ambiguity in or intent of the drawings and specifications.

The contract documents should consist of the following:

1. Notice to Bidders.
2. Specifications.
3. Contractors Proposal (as accepted).
4. Contract Agreement.
5. Contract Drawings.
6. All Addenda.

The parties to this contract agree to incorporate into this contract the mandatory language of the Regulations promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1.1 et seq., as amended and supplemented from time to time and the contractor or subcontractor agrees to comply fully with the terms, provisions and obligations of said Regulations.

AND in all respects comply with all requirements of the Labor Laws of the State of New Jersey, applicable to contracts on behalf of the Municipal Government for construction, alteration, or repair of any building or public work, including particularly, be without limitation of the foregoing, the provision that not less than the prevailing rate of daily wages in the locality where the work is performed shall be paid to mechanics, workmen and laborers employed by the contractors or subcontractors or by or in behalf of the State or any county or municipality;

(Construction Company Name), shall maintain all documentation related to products, transactions or services under this contract for a period of five years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request."

Payment shall be made to said Contractor by orders upon the treasurer of said Owner founded upon estimates of the Owner as to the amount of work done or articles furnished and delivered, or both, and upon presentation by said Contractor, to the Treasurer of said Owner an appropriate voucher setting forth, in writing, the amount of work done or goods furnished, and that the work done or articles furnished are according to this Contract, and according to law;

AND it is distinctly and mutually understood and agreed by and between the parties hereto, that in case a default is made in the completion of the Contract, in accordance with the terms and conditions hereof, such money as may be due to said Contractor, or such as would have become due had the terms and conditions of this Contract and agreement been complied with, shall be and is hereby forfeited to said Owner and said Owner is free to use the same in and about the completion of said contract, and in case said Owner is put to any costs and expenses over and above the contract price of the Contractor, in and about the completion of the Contract, said Contractor for themselves, itself, their heirs, executors, administrators, successors and assigns, expressly agree to hold themselves, itself, their heirs, executors, administrators, successors and assigns, liable therefore, and hereby covenant and agree to make good the same to the Owner. Upon Owner determination that services provided by the contractor are unsatisfactory, said contract may be cancelled subject to thirty (30) days written notice being provided to the contractor;

The Contractor agrees to make payments of all proper charges for labor and materials required in the aforementioned work, and defend, indemnify and save harmless the Owner or any of its officers, agents and

servants and each and every one of them against and from all suits and costs of every name and description, including attorney's fees and costs and from all damages to which said Owner or any of its officers, agents or servants may be put by reason of injury to the person or property of others resulting from carelessness in the performance of said work, or through the negligence of the Contractor, or through any improper or defective machinery, implements or appliances used by said Contractor in the aforesaid work or through any act or omission on the part of said Contractor, or his agent or agents. This provision applies regardless of whether insurance coverage is provided. It is also agreed and understood that the acceptance of the final payment by the Contractor shall be considered as a release in full of all claims against the Owner out of, or by reason of, the work done and materials furnished under this contract:

AND it is expressly understood and agreed that this Contract and the referenced inclusion of the bid documents represent the full understanding between the parties and any representations, whether oral or in writing, not contained herein, will not be binding on the parties hereto.

The Contractor agrees to only perform work outlined by the Scope of Work, Project Specifications and Project Drawings, or as directed by the Engineer in writing. Any work performed outside of the Scope of Work, Project Specifications and Project Drawings, or without direction from the Engineer in writing shall result in the work being stopped and payment being withheld until the work is restored to its original condition.

The agreement, together with the contract documents, forms the contract and they are as fully a part of this contract as if hereto attached or herein repeated.

The Owner and Contractor, for themselves, their heirs, executors, administrators, successors or assigns, hereby agree to the full performance of the covenants herein contained.

IN WITNESS WHEREOF, they have executed this Agreement.

GENERAL CONDITIONS

1.0 GENERAL

1.01 DEFINITIONS

The following words and expressions used in the contract documents shall be construed as follows:

Town or OwnerTown of Secaucus
1203 Paterson Plank Road
Secaucus, New Jersey 07094

Town Engineer.....Town of Secaucus Engineering Department
1203 Paterson Plank Road
4th Floor
Secaucus, New Jersey 07094

Contractor.....Party, firm, corporation with whom or which the contract is made or authorized agent thereof.

Day.....Calendar day.

Legal Holiday.....Days which the Town does not conduct regular business hours. The Contractor is responsible to contact the Town for a listing of these days.

1.02 SPECIAL NOTICE

The "Information for Bidders," the "General Conditions," the "Notice to Bidders," and "Proposal Section" shall be held equally binding with and are to be considered a part of the specifications and contract and the party of the second part, the Contractor, will be held responsible for neglect in attending to any part, paragraph or item therein.

1.03 REPRESENTATION OF CONTRACTOR

The Contractor represents and warrants:

- (a) That the Contractor is financially solvent and is experienced in and competent to perform the type of work to furnish the labor, plant, materials and supplies or equipment to be so performed or furnished by the Contractor; and
- (b) That the Contractor is familiar with all federal, state, county, municipal and department laws, ordinances and regulations, which may in any way affect the work or those employed therein, including, but not limited to, any special Acts relating to the work or to the project of which it is a part; and
- (c) That such temporary and permanent work required by the contract documents and is to be done by the Contractor can be satisfactory constructed and used for the purpose for which it is intended, and that such construction will not injure any persons or damage any property; and
- (d) That the Contractor has carefully examined the drawings, specifications and the site of the work, and that from his/her own investigations the Contractor has satisfied himself/herself as to the nature and location of the work, the character, quality and quantity of surface and subsurface materials likely to be encountered, the character of equipment and other facilities needed for the performance of the work, the general and local conditions and all other items which may in any way affect the work or its performance.

1.04 SUBLETTING OR ASSIGNING OF CONTRACT

The Contractor shall not assign, sell or transfer or otherwise dispose of the contract or any portion thereof or of the work provided therein or his right, title or interest therein, to any persons, firm or corporation without prior written consent of the Town.

1.05 CONSTRUING THE SPECIFICATIONS

To avoid disputes and litigation, it must be distinctly understood by the Bidder/Contractor that the Town Engineer shall construe or interpret the specifications and explain any ambiguity therein and shall have the right to decide as to their purpose and intent and the Town Engineer's decision upon any such ambiguity shall be final, conclusive and binding.

1.06 NECESSARY TO COMPLETE

If work or materials are required which are obviously necessary to carry out the full intent and meaning of the said specifications although the same may not be either directly or indirectly in the specifications, the Contractor is hereby bound to furnish the same without charge or claim.

1.07 DRAWINGS AND SPECIFICATIONS

The Contractor shall keep at the site of the work one copy of the drawings and specifications signed and identified by the Town Engineer and shall at all times give the Town Engineer and other representatives of the Town access thereto. Anything shown on the drawings and not mentioned in the specifications or mentioned in the specifications and not shown on the drawings, shall have the same effect as if shown or mentioned respectively in both. In case of any conflict within the construction documents, the Town Engineer shall determine which of the requirements shall govern based upon the most stringent of the requirements and the Contractor shall perform the work at no additional cost or time to the Town. Any ambiguity or discrepancy between drawings and specifications shall be submitted by the Contractor to the Town Engineer whose decision shall be conclusive.

The general arrangement and location of equipment, the various pipe, duct, and conduit runs, etc. are to be shown on the drawings. All dimensions or the scales of the drawings shall be considered as approximate and shall be checked by each bidder to their own satisfaction prior to bid. The exact location of all parts of the work shall be governed by existing conditions and the Contractor shall coordinate and locate all work at the time of installation. Any changes in location, etc. from that shown on the drawings, necessary by existing conditions, shall be made by the Contractor at no increase of the contract sum.

1.08 RIGHT-OF-WAY

All right-of-ways through private property required shall be secured by the Town. The Contractor shall not start construction in right-of-ways until directed by the Town Engineer. No claim shall be made by the Contractor for damage due to delay in securing right-of-ways.

1.09 TIME LIMITS

The Contractor agrees to start the work herein contracted for within ten (10) days from the date of the Engineer's Notice to Proceed to the Contractor directing him to proceed with the work. The time to complete the work contracted for, from the date of the Proceed Order, shall be limited to the following:

Ninety (90) Calendar Days

No extensions of time will be allowed for delay from any cause whatsoever, including normal weather conditions unless the Contractor shall have notified the Engineer in writing of such delay and his intention to claim an extension of time within two (2) days after the beginning of such delay. Such notice shall give complete information concerning the nature, extent and cause of the delay. If, in the opinion of the Owner,

an extension of time is warranted the Owner or Owner's representative, will issue a written extension, setting a new time limit for the completion of the work.

1.10 LIQUIDATED DAMAGES

In case the Contractor fails to complete the work contracted for, satisfactory to and acceptable to the Town within the stipulated time limit or violates any terms or conditions of said contract or the terms and conditions of N.J.S.A. 40A:11-1 et seq., Local Publics Contract Law, then the Contractor shall and will pay to the Town for each and every calendar day determined to be in default, the following sums, which are agreed upon, fixed and determined by the parties hereto to be liquidated damages.

One (1) to Fifteen (15) Days beyond Contract Time Limits.....Five Hundred (\$500.00) dollars per calendar day

Sixteen (16) to Thirty (30) Days beyond Contract Time Limits.....One Thousand (\$1,000.00) dollars per calendar day

Greater than Thirty (30) Days beyond Contract Time Limits.....Two Thousand (\$2,000.00) dollars per calendar day

The Town shall recover said damages by deducting the amount thereof out of any money which may be due or become due the Contractor, or by an action of law against the Contractor, his surety or by either or both of these methods.

In case the Contractor shall be delayed due to the failure on the part of the Town to furnish anything on its part to be furnished or for any other cause beyond the control of the Contractor, he shall be entitled to such extension of time for the delivery of equipment, materials, work and supplies as in the judgment of the Town or the Town's representative to be fair and just.

1.11 TOWN'S RIGHT TO STOP WORK OR TERMINATE CONTRACT

The Town has the right to stop work or terminate the contract, if:

- (a) The Contractor has violated the provisions of N.J.S.A. 40A:11-1 et seq., Local Public Contract Law or any other federal, state or local law, or
- (b) The Contractor performs any work outside the Scope of Work, Project Specifications and Project Drawings or without direction from the Town Engineer in writing, or
- (c) The contractor shall be adjudged bankrupt or make an assignment for the benefit of creditors, or
- (d) A receiver or liquidator shall be appointed for the Contractor or for any of his property and shall not be dismissed within twenty (20) days after such appointment or the proceedings in connection therewith shall not be stayed on appeal within the said twenty (20) days, or
- (e) The Contractor shall refuse or fail, after notice or warning from the Town Engineer, to supply enough properly skilled workmen or proper materials, or
- (f) The Contractor shall refuse or fail to prosecute to work or any part thereof with such diligence as will ensure its completion within the period herein specified (or any duly authorized extension thereof) or shall fail to complete the work within said period, or
- (g) The Contractor shall fail to make prompt payment to persons supplying labor or materials for the work, or

- (h) The Contractor shall fail or refuse to regard laws, ordinances or regulations or otherwise to be guilty of a violation of any provisions of the contract or the Scope of Work therein, then and in such event, the Town, without prejudice or any rights to remedy it may have, may give seven (7) days' notice to the Contractor to terminate the employment of the Contractor and their right to proceed, either as to the entire work or at the option of the Town as to any portion thereof as to which delay shall have occurred and may take possession of the work and complete the work by the Contractor or otherwise, as the Town may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the compensation to be paid, the Contractor hereunder shall exceed the expense of so completing the work, including compensation for additional managerial, administrative and inspection services and any damages for delay, such excess shall be paid to the Contractor. If such expense shall exceed such unpaid balance, the Contractor and their sureties shall be liable to the Town for such expense. If the right of the Contractor to proceed with the work is terminated, the Town may take possession of and utilize in completing the work such materials, appliances, supplies, drawings and equipment, as may be on the site of work and necessary, therefore. If the Town does not terminate the right of the Contractor to proceed, the Contractor shall continue the work.

If the work shall be stopped by order of the Court or any public authority, for a period of three (3) months without act or fault of the Contractor or of any of their agents, servants, employees or Subcontractor, the Contractor may, upon ten (10) days' notice to the Town, discontinue their performance of the work and/or terminate the contract, in which event the liability of the Town to the Contractor shall be determined as provided in the paragraphs immediately preceding, except that the Contractor shall not be obligated to pay to the Town any excess of the expense of completing the work over the unpaid balance of the compensation to be paid by the Contractor hereunder.

1.12 REFERENCE TO THE STANDARD SPECIFICATIONS

- (a) All applicable portions of the work performed under this contract shall comply with the requirements of the current New Jersey Department of Transportation Standard Specifications for Road and Bridge Construction, as amended or supplemented and whose specifications are made part of these specifications. The New Jersey Department of Transportation Standard Construction Details shall govern except insofar as same are expressly modified, amended or changed in detail drawings prepared specifically for this particular project.
- (b) The Standard Specifications are made part of these specifications by this reference as if were set forth in full. It is the responsibility of the prospective bidder to be familiar with these Standard Specifications. The Contractor is required to follow only the printed bound book of New Jersey Department of Transportation Standard Specifications for Road Bridge Construction and Standard Inputs, 2019, unless modified in the technical specifications of this contract. Copies may be obtained from the New Jersey Department of Transportation.

2.0 INSURANCE

2.01 STATE LAW AND REGULATIONS AND INSURANCE

The Contractor must assume all risks connected with their work. The shall comply with all State laws and regulations concerning Workmen's Compensation and shall maintain such insurance as will protect the Contractor against all claims for damages for personal injury, including death, which may arise during prosecution of the contract, either by himself/herself or by any Subcontractor or anyone directly or indirectly employed by either of them.

2.02 CONTRACTOR'S INSURANCE

The Contractor shall not commence work under this contract, until the Contractor has obtained all insurance required under this paragraph and such insurance has been approved by the Town, nor shall the Contactor

allow any Subcontractor to commence work, in any subcontract until all similar insurance required of the Subcontractor has been so obtained and approved.

Insurance coverage shall remain in effect until the project is accepted by the Town and at all times thereafter when the Contractor may be removing or replacing defective work.

The Contractor shall furnish the Town with proof of insurance by execution of the Certificate of Insurance, of which a copy is included herein. The Town shall be a named additional insured.

The Certificate of Insurance shall give the Town and the Town Engineer thirty (30) days' written notice of any of the material change in, cancellation of or expiration of the policies.

The following types of insurance are required as set forth on the insurance requirement attachment:

- a. General Liability
- b. Automobile Liability
- c. Excess Liability
- d. Worker's Compensation and Employer's Liability

The amounts for property damage and bodily injury for each type of insurance are as shown on the Certificate of Insurance herein.

The Contractor's insurance shall apply to and provide coverage for all Subcontractors and/or suppliers unless the Contractor forwards to the Town and the Town Engineer the Certificate of Insurance for the Subcontractor and/or suppliers.

Any insurance company providing coverage must be licensed, admitted and authorized to do business in the State of New Jersey.

2.03 SUIT OR CLAIMS

The Contractor agrees to indemnify and save harmless the Town and the Town Engineer and all their agents and employees from actions and suits of every kind and description brought against them or on account of the use of patented rights and from any damages or injuries received or sustained by any party or parties, arising out of any act or omission of the Contractor, their workmen or agents in performance of the work under this agreement, including the furnishing of equipment, materials and supplies at the site of the proposed work.

2.04 DAMAGES TO PERSONS AND PROPERTY

Contractor shall fully and completely indemnify and save harmless the Town from damages or injury to persons or property resulting from the performance of the work or through the negligence to the contract, or through the use of any improper or defective machinery implements or appliances or through any act of omission of the Contractor or the Contractor's agents or the Contractor's employees.

3.0 CONDUCT OF THE WORK

3.01 ROLE OF THE ENGINEER

The Town Engineer may verify, by observation and/or required tests, the amount, quality, acceptability and fitness of the materials, equipment and supplies furnished; and shall interpret any ambiguities in the

drawings and specifications, contract documents and any extra work order. Upon request, the Town Engineer shall confirm in writing any oral direction, requirement or determination.

All work of refilling sunken ditches, repaving over trenches and keeping the streets and sidewalks in passable condition shall be satisfactorily performed by the Contractor during the construction of the work as well as during the maintenance period. If any work is not done within forty-eight (48) hours after written notice given by the Town Engineer, the work may be done by the Town and charged to the Contractor.

3.02 SURVEYS

Unless otherwise expressly provided for in the specifications, the Contractor will furnish all surveys necessary for the execution of the work. The Town will furnish a base line and datum benchmarks as required. The Contractor shall measure and lay out his work and be responsible for the accuracy thereof from benchmarks and base lines established by the Town Engineer which shall constitute the surveys hereinbefore referred to. The Contractor shall submit cut sheets for curb, sidewalk and roadway construction projects unless specifically waived in writing by the Town Engineer.

3.03 PRESERVATION OF STAKES

The Contractor shall carefully preserve benchmarks, reference points and stakes and in case of willful or careless destruction, the Contractor will be charged with the resulting expense and shall be responsible, for any mistake that may be caused by their unnecessary loss or disturbance.

3.04 USES OF PREMISES AND REMOVAL OF DEBRIS

The Contractor expressly undertakes at their own expense:

- (a) To take every precaution against injuries to persons or damage to property.
- (b) To store any apparatus, materials, supplies and equipment in such orderly fashion at the site of the work as will not unduly interfere with the progress of his work or the administration of Town's affairs.
- (c) To place upon the work any part thereof only such loads as are consistent with the safety of that portion of the work.
- (d) To frequently clean up all refuse, scrap material and debris caused by the Contractor's operations and at all times the site of the work shall present a neat, orderly condition.
- (e) Before final payment to remove all surplus material, false work, temporary structures, including foundations thereof, plant of any description and debris of every nature resulting from the Contractor's operation and to put the site in a neat, orderly condition.
- (f) To affect all cutting, fitting or patching of his work required to make the same conform to the drawings and specifications and except with the consent of the Town Engineer, not to cut or otherwise alter the work.

3.05 INJURY TO EXISTING STRUCTURES

The Contractor shall be responsible for all injury to existing structures met within the prosecution of the work, including the delivery to the site of the proposed improvements of materials and supplies. In case of an accident to existing structures met within the prosecution of the work, the Contractor will be required to immediately notify the proper authorities and as soon as possible thereafter, also notify the Town Engineer.

3.06 CORRECTION OF WORK

The Contractor expressly warrants that their work shall be free from any defects in material or workmanship and agrees to correct any such defects which may appear in such material or workmanship within two (2) years or the term of the maintenance bond, whichever is longer, following the final acceptance of the work by the Town, such final acceptance to be evidenced by an appropriate resolution of the governing body in the case of municipal corporation, quasi municipal corporation, municipal board, municipal commission or other municipal authority.

Neither the acceptance of the completed work nor payment therefore shall operate to release the Contractor nor the Contractor's surety or sureties from any obligation or obligations under this contract or the bonds required under these Contract Documents.

3.07 PUBLIC UTILITIES

The contract drawings indicate the approximate location of known overhead and subsurface utilities in the vicinity of the work. The bidder is advised to investigate and ascertain for himself/herself all of the facts concerning the actual location of these utilities.

The Contractor shall cooperate with the utility Town in the adjustment of their facilities and shall notify the utility Town not less than ten (10) days in advance of the time the Contractor proposes to perform any work that will endanger or affect their facilities.

The Contractor shall permit the Town of utilities or their agents, access to the site of the work at all times in order to relocate, construct or protect their lines and the Contractor shall cooperate with them in performing this work.

Separate payments will not be made for the following:

1. Coordination and cooperation of the Contractor with the utility companies, nor for the protection or replacement of utilities as specified hereinbefore.
2. Damages for delay causes by conflicts with utilities outside the jurisdiction of the Town (ex: gas mains, telephone or electric lines, county storm sewer, water mains, etc.).

The bidder shall include all such costs in the priced bid for the various scheduled items in the Bid Form.

3.08 PROTECTION OF WORK AND PROPERTY

The Contractor shall continuously maintain adequate protection of their work and shall protect the Town's property from injury or loss arising in connection with their work. The Contractor shall also protect all adjacent property as provided by law and shall be responsible for all injury to property and existing structures sustained during the prosecution of their work, including delivery to the site of equipment, materials and supplies. The Contractor shall repair and replace any such damage, injury or loss equal or better than the condition of the item prior to the Contractor's action.

All passageways, guard fences, light and other facilities required for protection by local authorities or local conditions must be provided and maintained.

3.09 CONTRACTOR TO ACT IN AN EMERGENCY

In case of any emergency which threatens loss or injury of property and/or safety of life, the Contractor is required to act as they see fit. The Contractor shall notify the Town Engineer thereof immediately thereafter.

3.10 EXTRA WORK

The Contractor further agrees that the Town Engineer may make such alterations as they may see fit in the form, dimensions, plans for materials of the work, materials and supplies bid upon or any part thereof, either before or after work. If such alterations diminish the quantity of the equipment, materials and supplies to be furnished and delivered to the site or work to be executed, that shall not constitute a claim for damages for anticipated profits on the work that may be dispensed with. If the extra work, change or alteration increases the amount of work to be performed or equipment, they shall be paid for at the price bid. If the prices for such extra work are not included in the lump sum prices or unit prices bid, the Contractor hereby agrees to furnish the necessary materials and perform such labor as extra work and agrees to accept in full payment therefore a price which shall be fixed by the Town Engineer previous to its commencement. The basis for such estimated cost will be the actual cost of materials, labor, equipment and a maximum ten percent (10%) overhead, plus a maximum ten percent (10%) profit. The Contractor shall furnish a breakdown estimate for such extra work. Payment for markup on subcontracted work shall be at a maximum rate of five percent (5%) of the total amount for all costs on the subcontracted work. Change Orders and Open End Contracts will be in accordance with N.J.A.C. 5:30-11.1 et seq.

The Contractor shall not be entitled to receive payment for any extra work unless the same is certified in writing by the Town Engineer.

3.11 DISPUTE RESOLUTION

For construction contracts, the Town and the Contractor agree that in the event of a dispute arising under this contract, it shall be submitted to a process of resolution pursuant to alternative dispute resolution practices, such as mediation, binding arbitration or non-binding arbitration pursuant to industry standards, prior to being submitted to a Court for adjudication. Nothing in this section shall prevent the contracting unit from seeking injunctive or declaratory relief in court at any time. The alternative dispute resolution practices shall not apply to disputes concerning the bid solicitation or award process or to the formation of contracts or subcontracts to be entered to pursuant to N.J.S.A. 40A:11-1 et seq., Local Public Contracts Law.

Notwithstanding industry rules or any provision of law to the contrary, whenever a dispute concerns more than one contract, such as when a dispute in a contract involving design, architecture, engineering or management, upon demand of a contracting party, other interested parties to the dispute shall be joined unless the arbitrator or person appointed to resolve the dispute determined that such a joinder is inappropriate. Notwithstanding industry rules or any provision of law to the contrary, whenever more than one dispute of a similar nature arises under a construction contract or related construction contracts, upon demand of a contracting party, the disputes shall be joined unless the arbitrator or person appointed to resolve the dispute determines that the disputes are inappropriate for joinder.

3.12 DIFFERING SITE CONDITIONS

All construction contracts issued by a contracting unit for bids which were advertised on or after the effective date [Jan. 16, 2018] of P.L.2017, c.317 (C.40A:11-16.7 *et seq.*) shall include the changed conditions contract provisions set forth in this section, which provisions shall be deemed to be a part of any such contract even if not expressly incorporated therein and which provisions may not be modified in any manner by the contracting unit.

- a. A contract subject to this section shall include the following differing site conditions provisions:
 - 1) If the Contractor encounters differing site conditions during the progress of the work of the contract, the Contractor shall promptly notify the contracting unit in writing of the specific differing site conditions encountered before the site is further disturbed and before any additional work is performed in the impacted area.

- 2) Upon receipt of a differing site conditions notice in accordance with paragraph (1) of this subsection, or upon the contracting unit otherwise learning of differing site conditions, the contracting unit shall promptly undertake an investigation to determine whether differing site conditions are present.
 - 3) If the contracting unit determines different site conditions that may result in additional costs or delays exist, the contracting unit shall provide prompt written notice to the Contractor containing directions on how to proceed.
 - 4)
 - (a) The contracting unit shall make a fair and equitable adjustment to the contract price and contract completion date for increased costs and delays resulting from the agreed upon differing site conditions encountered by the Contractor.
 - (b) If both parties agree that the contracting unit's investigation and directions decrease the Contractor's costs or time of performance, the contracting unit shall be entitled to a fair and equitable downward adjustment of the contract price or time of performance.
 - (c) If the contracting unit determines that there are no differing site conditions present that would result in additional costs or delays, the contracting unit shall so advise the Contractor, in writing, and the Contractor shall resume performance of the contract and shall be entitled to pursue a differing site conditions claim against the contracting unit for additional compensation or time attributable to the alleged differing site conditions.
 - 5) Execution of the contract by the Contractor shall constitute a representation that the Contractor has visited the site and has become generally familiar with the local conditions under which the work is to be performed.
 - 6) As used in this subsection, "differing site conditions" mean physical conditions at the contract work site that are subsurface or otherwise concealed and which differ materially from those indicated in the contract documents or are of such an unusual nature that the conditions differ materially from those ordinarily encountered and generally recognized as inherent in the work of the character provided for in the contract.
- b. A contract subject to this section shall include the following suspension of work provisions:
- 1) The contracting unit shall provide written notice to the Contractor in advance of any suspension of work lasting more than ten (10) calendar days of the performance of all or any portion of the work of the contract.
 - 2) If the performance of all or any portion of the work of the contract is suspended by the contracting unit for more than ten (10) calendar days due to no fault of the Contractor or as a consequence of an occurrence beyond the contracting unit's control, the Contractor shall be entitled to compensation for any resultant delay to the project completion or additional contractor expenses, and to an extension of time, provided that, to the extent feasible, the Contractor, within ten (10) calendar days following the conclusion of the suspension, notifies the contracting unit, in writing, of the nature and extent of the suspension of work. The notice shall include available supporting information, which information may thereafter be supplemented by the Contractor as needed and as may be reasonably requested by the contracting unit. Whenever a work suspension exceeds sixty (60) days, upon seven (7) days' written notice, either party shall have the option to terminate the contract for cause and to be fairly and equitably compensated therefor.

- 3) Upon receipt of the Contractor's suspension of work notice in accordance with paragraph (2) of this subsection, the contracting unit shall promptly evaluate the Contractor's notice and promptly advise the Contractor of its determination on how to proceed in writing.
 - 4)
 - (a) If the contracting unit determines that the Contractor is entitled to additional compensation or time, the contracting unit shall make a fair and equitable upward adjustment to the contract price and contract completion date.
 - (b) If the contracting unit determines that the Contractor is not entitled to additional compensation or time, the Contractor shall proceed with the performance of the contract work and shall be entitled to pursue a suspension of work claim against the contracting unit for additional compensation or time attributable to the suspension.
 - 5) Failure of the Contractor to provide timely notice of a suspension of work shall result in a waiver of a claim if the contracting unit can prove by clear and convincing evidence that the lack of notice or delayed notice by the Contractor actually prejudiced the contracting unit's ability to adequately investigate and defend against the claim.
- c. A contract subject to this section shall include the following change in character of work provisions:
- 1) If the Contractor believes that a change directive by the contracting unit results in a material change to the contract work, the Contractor shall so notify the contracting unit in writing. The Contractor shall continue to perform all work on the project that is not the subject of the notice.
 - 2) Upon receipt of the Contractor's change in character notice in accordance with paragraph (1) of this subsection, the contracting unit shall promptly evaluate the Contractor's notice and promptly advise the Contractor of its determination on how to proceed in writing.
 - 3)
 - (a) If the contracting unit determines that a change to the Contractor's work caused or directed by the contracting unit materially changes the character of any aspect of the contract work, the contracting unit shall make a fair and equitable upward adjustment to the contract price and contract completion date. The basis for any such price adjustment shall be the difference between the cost of performance of the work as planned at the time of contracting and the actual cost of such work as a result of its change in character or as otherwise mutually agreed upon by the Contractor and the contracting unit prior to the Contractor performing the subject work.
 - (b) If the contracting unit determines that the Contractor is not entitled to additional compensation or time, the Contractor shall continue the performance of all contract work and shall be entitled to pursue a claim against the contracting unit for additional compensation or time attributable to the alleged material change.
 - 4) As used in this subsection, "material change" means a character change which increases or decreases the Contractor's cost of performing the work, increases or decreases the amount of time by which the Contractor completes the work in relation to the contractually required completion date, or both.
- d. A contract subject to this section shall include the following change in quantity provisions:
- 1) The contracting unit may increase or decrease the quantity of work to be performed by the Contractor.
 - 2)

- (a) If the quantity of a pay item is cumulatively increased or decreased by twenty percent (20%) or less from the bid proposal quantity, the quantity change shall be considered a minor change in quantity.
 - (b) If the quantity of a pay item is increased or decreased by more than twenty percent (20%) from the bid proposal quantity, the quantity change shall be considered a major change in quantity.
- 3) For any minor change in quantity, the contracting unit shall make payment for the quantity of the pay item performed at the bid price for the pay item.
- 4)
- (a) For a major increase in quantity, the contracting unit or the Contractor may request to renegotiate the price for the quantity in excess of one hundred twenty percent (120%) of the bid proposal quantity. If a mutual agreement cannot be reached on a negotiated price for a major quantity increase, the contracting unit shall pay the actual costs plus an additional ten percent (10%) for overhead and an additional ten percent (10%) for profit, unless otherwise specified in the original bid.
 - (b) For a major decrease in quantity, the contracting unit or the Contractor may request to renegotiate the price for the quantity of work performed. If a mutual agreement cannot be reached on a negotiated price for a major quantity decrease, the contracting unit shall pay the actual costs plus an additional ten percent (10%) for overhead and an additional ten percent (10%) for profit, unless otherwise specified in the original bid; provided, however, that the contracting unit shall not make a payment in an amount that exceeds eighty percent (80%) of the value of the bid price multiplied by the bid proposal quantity.

As used in this subsection, the term "bid proposal quantity" means the quantity indicated in the bid proposal less the quantities designated in the project plans as "if and where directed."

4.0 CONTRACTOR'S PERSONNEL

4.01 PERSONAL ATTENTION

The Contractor shall give personal supervision to the work or have a competent representative on the work who shall have written authority to carry out the requirements of the Contract Documents. The Contractor shall also supply all manpower, materials and equipment as they may be required in the furnishing and delivery to the site of the proposed work, the equipment, materials and supplies bid upon.

4.02 CONTRACTOR'S SUPERINTENDENT

The Contractor shall attend to the work personally or through a competent, English-speaking superintendent, who shall be continually present on the project site whenever work is in progress. Such a superintendent shall be satisfactory to the Town and the Town Engineer and shall not be removed or replaced without due notice being given the Town and the Town Engineer. The Superintendent shall have full authority to act for the Contractor without the need to consult any higher level of authority.

4.03 LABOR LAWS

The Contractor and any Subcontractors shall comply with all the requirements of the Labor Laws of the State of New Jersey applicable to contracts on behalf of this Town for construction, alteration or repair of any building or public work, including particularly, but without limitation of the foregoing, the provisions of N.J.S.A. 10:2-1 to 10:2-4, inclusive and N.J.S.A. 34:11-56.25 et seq., New Jersey Prevailing Wage Act.

The Contractor hereby agrees to comply in all respects with the New Jersey Prevailing Wage Act, N.J.S.A. 34:11-56.25 et seq. as amended. Pursuant to N.J.S.A. 34:11-56.25 et seq., New Jersey Prevailing Wage

Act, no public works contract may be awarded to any contractor and subcontractor or to any firm, corporation or partnership in which they have an interest on the attached disbarred bidders list located at the end of this specification, until expiration date given. Workmen shall be paid not less than such prevailing wage rate.

Before final payment is made by or on behalf of the Town of any sum or sums due to work, the Contractor or Subcontractor shall file with the treasurer of the Town, written statements in form satisfactory to the Commissioner of Labor certifying to the amounts then due and owing from such contractor or subcontractor filing such statement to any and all workmen for wages due on account of the work, setting forth therein the names of the persons whose wages are unpaid and the amount due to each respectively which statement shall be certified by the oath of the Contractor or Subcontractor as the case be in accordance with the said New Jersey Prevailing Wage Act.

The prevailing wage rate shall be determined by the Commissioner of Labor or a duly authorized representative.

Contractors or Subcontractors performing public work of a public body subject to provisions of this Act shall post the prevailing wage rates for each craft and classification involved as determined by the Commissioners of Labor including the effective date of any changes thereof, in prominent and easily accessible places at the site of the work or at such places as are used by them to pay workers their wages.

In the event it is found that any workmen, employed by the Contractor or any Subcontractor, on this project, has been paid a rate less than the prevailing wage required, the Department of Labor along with the Town may terminate the Contractor's or Subcontractor's right to proceed with the work or such part of the work as to which there has been failure to pay required wages and to prosecute the work to completion or otherwise, the Contractor and their surety(ies) shall be liable to the Department of Labor along with the Town for any excess costs occasioned thereby.

Prior to final payment, the Contractor shall be required to execute and deliver an Affidavit of Compliance in a form provided by the Town Engineer, as required by the Act.

4.04 CONTRACTOR'S EMPLOYEES

All workers must be competent and fully qualified in the type of work to be performed. Any employee of the Contractor, who is found by the Town Engineer to be incompetent or who is performing his work in an unsightly manner or contrary to the specifications or the Town Engineer's instructions or who is disorderly, shall be removed from the project and shall not again be employed on the project without the Town Engineer's consent.

4.05 EIGHT HOUR DAY: PREVAILING WAGE RATE

All mechanics, workers, laborers, employed or engaged in the type of work hereunder, shall work no more than eight (8) hours in one (1) day. In case of necessity for the protection of property or human life, mechanics, workers and laborers may be employed for longer periods than eight (8) hours per calendar day, if paid extra compensation on the basis of eight (8) hours constituting a days' work, in accordance with the Prevailing Wage Act, N.J.S.A. 34:11-56.25 et seq., and all state and federal laws.

4.06 PAYMENT OF EMPLOYEES

The Contractor and each Subcontractor shall pay each employee engaged in work on the project under this contract in full (less deductions made mandatory by law) in legal tender and not less often than once each month.

4.07 SAFETY AND HEALTH REGULATIONS

The Contractor shall comply with the Department of Labor, Safety and Health Regulations for construction promulgated under the Occupational Safety and Health Act of 1970 (P.L.91-596) and under Section 107 of the Contract Work Hours and Safety Standards for Construction (P.L.91-54).

4.08 ACCIDENT PREVENTION

Precautions shall be exercised at all times for the protection of persons (including employees) and property. The safety provisions of applicable laws, buildings and construction codes shall be observed. Machinery, equipment and all hazards shall be guarded or eliminated in accordance with the safety provisions of the Manual of Accident Prevention in Construction published by the Association General Contractors of America and Part VI "Temporary Traffic Control" of the United States Department of Transportation's Federal Highway Administration's "Manual on Uniform Traffic Control Devices," latest edition, whichever is more stringent, to the extent that such provisions are not in contravention of applicable law. Contractor alone shall be responsible for the safety, efficiency and adequacy of their plant, appliances and methods and for any damage which may result from their failure for their improper construction, maintenance or operation. The cost of "Accident Prevention" shall be included in the lump sum or unit price bid, whichever is applicable.

5.0 MATERIALS

5.01 CONTRACTOR'S TITLE TO MATERIALS

No materials or supplies for the work shall be purchased by the Contractor or by the Subcontractor that are subject to any chattel mortgage or under a conditional sale or other agreement by which an interest is retained by the seller. The Contractor warrants that they have good title to all materials and supplies used by them in the work.

5.02 ROYALTIES AND PAYMENTS

The Contractor shall pay all royalties and license fees. The Contractor shall defend all suits or claims for infringements of any patent rights and shall save the Town harmless from loss or account thereof.

5.03 USE OF DOMESTIC MATERIAL

In the performance of the work, the Contractor and all Subcontractors shall use only manufactured materials and farm products of the United States of America, wherever available.

All Contractors and Subcontractors shall comply with the provisions of N.J.S.A. 40A:11-18, which relates to the use of domestic materials.

5.04 ORDERING MATERIALS

Before ordering materials, the Contractor shall obtain the Town Engineer's approval of their conformity to the specifications. In the case of concrete aggregate and similar materials, samples must accompany the request for approval. The Contractor must forward to the Town Engineer copies of all shipping lists, invoices or delivery slips accompanying such deliveries.

5.05 SAMPLES

The Contractor shall submit to the Town Engineer any samples of materials before or during the progress of the work that may be required by the Contract Documents. All materials and workmanship must be equal in every respect to the samples submitted and approved.

5.06 SHOP OR SETTING DRAWINGS

(a) The Contractor shall submit promptly two (2) copies, of which one (1) will be returned to the Contractor, of each shop or setting drawings prepared in accordance with the schedule predetermined under the provisions of the preceding paragraph hereof with the Contractor's approval stamp and date thereon. After examination of such drawings by the Town Engineer and the return thereof, the Contractor shall make such corrections to the drawings as have been indicated and shall furnish the Town Engineer with two (2) corrected copies. If requested by the Town Engineer, the Contractor must furnish additional copies, regardless of corrections made in or approval given to such drawings by the Town Engineer. The Contractor will nevertheless be responsible for the accuracy of such drawings and for their conformity to the drawings and specifications unless they notify the Town Engineer in writing of any deviations, at the time they furnished such drawings. Shop drawing requirements as detailed within the technical specifications and scope of work shall govern should they be in conflict with the General Conditions.

(b) The Contractor shall likewise submit, in writing, the type, kind and name of the manufacturer of all materials to be used in the work for the written approval of the Town Engineer prior to the installation of same.

(c) Any equipment or materials installed without this written approval of the Town Engineer will be required to be removed by the Contractor at their own expense and replaced with equipment and materials as approved.

5.07 ADDITIONAL INSTRUCTIONS AND DETAIL DRAWINGS

The Contractor will be furnished additional instructions and detail drawings to carry out the work included in the contract as required. The additional drawings and instruction thus supplied to the Contractor, will coordinate with the contract documents and will be so prepared that they can be reasonably interpreted as a part thereof. The Contractor shall carry out the work in accordance with the additional detail drawings and instructions.

The Contractor and the Town Engineer will prepare, jointly, (a) a schedule fixing the date at which special drawings will be required and by whom they will be made, such drawings, if any, to be furnished by the Town Engineer in accordance with said schedule, and (b) a schedule fixing the respective dates for the submission of shop or setting drawings; the beginning of manufacture, testing and installation of materials, supplies and equipment and the completion of the various parts of the work, each schedule to be subject to change from time to time in accordance with the progress of the work.

5.08 OR EQUAL CLAUSES

Wherever in these contract documents a particular brand, make of material, device or equipment is shown or specified, such brand, make of material, device or equipment should be regarded merely as a standard.

When a bidder submits an equivalent, it shall be the responsibility of the bidder to document the equivalence claim. Failure to submit such documentation shall be grounds for rejection of the claim of equivalence.

If two (2) or more brands, makes of material, devices or equipment are shown or specified, each should be regarded as the equal of the other. Any other brand, make of material, devices or equipment, which in the opinion of the Town Engineer is the recognized equal of that specified, considering quality, workmanship and economy of operation and is suitable for the purpose intended, will be accepted. All material and workmanship shall, in every respect be in accordance with what, in the opinion of the Town Engineer is in conformity with approval modern practice.

Whenever the drawings, specifications or other contract documents or the direction of the Town or its authorized agent, admit of doubt as to what is permissible and/or fail to note the quality of any work, that interpretation will be made by the Town Engineer, which is in accordance with approved modern practices to meet the particular requirement of the contract.

In all cases, new materials shall be used unless this provision is waived by notice from the Town Engineer.

5.09 SUBSTITUTIONS

After the execution of the contract, substitution of equipment or materials of makes other than those named in the contract will be considered for one reason only: That the equipment proposed for substitution is superior or equal in construction and/or efficiency to that named in the contract.

Complete data, to include: shop drawings, specifications, performance curves, test results, list of similar installation with years of service, operating and maintenance instruction, a statement that the Contractor agrees to pay all costs that will result directly or indirectly from acceptance of the substitute and all other necessary information; shall be submitted in triplicate to enable the Town Engineer to evaluate the proposed substitution equipment or material. The determination as to whether or not such changes will be permitted rests solely with the Town Engineer.

The Contractor shall take and assume full responsibility and bear any extra expense or cost incurred by changes advocated by them. Those costs include, but are not limited to, review time by the Town Engineer or the Town Engineer's Consultants, costs of redesign and claims of other contractors affected by the resulting change. It will be assumed that the cost to the Contractor of the equipment or materials proposed to be substituted is less than the equipment or materials named in the contract and if the substitution is approved, the contract price shall be reduced by an amount equal to the savings.

5.10 MATERIAL SAFETY DATA

In accordance with the requirements of N.J.S.A. 34:5A-1 et seq., "Workers and Community Right to Know Act," the State Department of Health has adopted a Workplace Hazardous Substance List (N.J.A.C. 8:59-9.1 et seq.), which includes substances that pose a threat to the health and safety of employees. Therefore, under the provisions of N.J.A.C. 8:59-7.1 et seq., the Contractor must furnish the Town a "Material Safety Data Sheet" for each product which is supplied to the Town which contains a substance listed on the Hazardous Substance List (N.J.A.C. 8:59-9.1). The Town reserves the right to request a copy of the applicable Material Safety Data Sheet be forwarded with the delivery of each product. Furthermore, under the provisions of N.J.A.C. 8:59-5.1 et seq., each product shall have a label affixed or stenciled onto my container that contains any substance listed on the Hazardous Substance List (N.J.A.C. 8:59-9.1 et seq.).

6.0 INSPECTION AND TESTING

6.01 INSPECTION

The Contractor shall afford every facility for inspection of the equipment, materials and supplies at all times by the Town Engineer prior to the delivery of the same to the site of the work. All equipment, supplies and materials shall be tested in the presence of the Town Engineer, if so desired.

Any equipment, materials, supplies or workmanship deemed of inferior quality or not in accordance with the finally approved specifications, brought to or incorporated in the work may be rejected by the Town Engineer. The equipment, materials and supplies and workmanship may be re-inspected at any time, prior to delivery to the site of the proposed improvements. The Contractor shall bear all the expense of testing materials.

When construction is not continuous through the normal work week, (Monday through Friday), the Contractor must notify the Town Engineer at least twenty-four (24) hours in advance of any stopping or starting of the work. Notification may be by writing, telephone, facsimile, telegraph or personal visit to the Town Engineer's listed office.

The Contractor shall notify the Town Engineer at least forty-eight (48) hours in advance to any work on Saturdays. There will be no work permitted on Sundays or holidays. If the project receives inspection by the Town Engineer, the normal working hours for the Town Engineers are from 9:00 a.m. to 4:00 p.m.,

Monday through Friday. Any overtime inspection costs for the Town Engineer's Inspector which are avoidable, shall be reimbursed by the Contractor.

As the Town is only paying for the contract time in the Contract Documents, the Contractor shall be responsible for all costs of inspection and contract management beyond the contract time limits, unless a written extension of time has been granted by the Town. These costs are in addition to any liquidated damages that may be charges to the Contractor.

6.02 DAILY REPORTS

When required by the Town Engineer, the Contractor shall have their Authorized Representative complete, sign and present the Town Engineer with a Certificate of Site Safety Conditions, on a form approved by the Town Engineer.

At the Town Engineer's discretion, the Contractor may be directed to furnish a daily report, on a form, which will include the date, the weather, a general description of the work performed, line item quantities involved, number and skill type of workers, equipment utilized, location of work and any pertinent remarks affecting the work.

6.03 INSPECTORS

The work shall be conducted under the general observation of the Town Engineer through such Inspectors as the Town Engineer employs. Inspectors are stationed on the site of the work to represent the Town Engineer and to report concerning the observation of progress of the work and the workmanship and materials being furnished. Such Inspectors shall inform the Town Engineer and the Contractor when they observe that work being performed and/or the materials being furnished do not conform to the requirements of the Contract Documents. Such observations, if any when provided, shall not relieve the Contractor of any responsibility to furnish materials and perform work in complete accordance with the requirements of the Contract Documents, nor does such observation create any duty or obligation to any employee or invitee of Contractor or Subcontractor or to any third party.

The Inspector in not authorized to revoke, alter, enlarge, relax or release any requirements of the Contract Documents or to issue instructions contrary to the Contract Documents.

6.04 ACCESS TO THE WORK

The Contractor shall furnish the Town Engineer with every reasonable facility for observing the work as performed.

The Town Engineer shall have the right to inspect all work done and all materials furnished either in the field or at the point of manufacture. The Contractor shall furnish or cause to be furnished safe access at all times to the places where preparation, fabrication or manufacture of materials and/or construction of the work is in progress.

When the Town Engineer or representative are in or about the premises mentioned above in the course of their duties, they shall be deemed conclusively to be an invitee of the Contractor. If the Contractor is not the owner of the premises mentioned above, the owner thereof shall be deemed an agent of the Contractor with respect to the obligation assumed hereby. The Contractor or their agent, as described above, shall be liable for the payment of claims for injuries, damages, etc, for death of the representative due to the negligence on the part of the Contractor or their agent.

6.05 COVERING UNINSPECTED WORK

If any work be buried, covered or otherwise concealed prior to observation by the Town Engineer or contrary to the orders and direction of the Town Engineer and such work is not subject to testing and approval by any acceptable alternate method it must, if required by the Town Engineer, be uncovered for examination.

Such uncovering and all necessary restoration regardless of the final acceptability of the work uncovered, shall be at the expense of the Contractor.

6.06 TESTING MATERIALS

Except as may be provided elsewhere, tests or analysis of materials which are usually tested after delivery to the site, such as concrete aggregate, mixed-in-place concrete and similar materials; will be performed by the Town Engineer or testing laboratories which will be approved by the Town Engineer and selected and paid for by the Contractor. The preliminary testing of concrete mixtures and tests or analysis of the materials, samples of which are to be submitted prior to delivery, will also be performed by the laboratory and paid for by the Contractor at the Town Engineer's request.

If the Town Engineer orders sampling and analysis or tests of materials which are usually accepted on certification of the manufacturer, but which appear defective or not conforming to the requirements of the Specifications, the Contractor will bear the reasonable costs of sampling, transportation, tests and analysis.

7.0 PAYMENTS

7.01 CONSTRUCTION SCHEDULE AND PERIODIC ESTIMATES

Immediately after execution and delivery of the contract and before the first partial payment is made, the Contractor shall deliver to the Town Engineer an estimated construction progress schedule in form satisfactory to the Town Engineer, showing proposed dates of commencement and completion of each of the various subdivisions of work required under the Contract Documents and the anticipated amount of each monthly payment that will become due to the Contractor in accordance with the progress schedule. The Contractor shall update the schedule each time a change is approved, but a minimum of every thirty (30) days. An updated schedule shall be submitted with the Contractor's payment application. Should a payment application be submitted without an updated schedule, payment processing may be delayed. The Contractor shall also furnish the Town Engineer: (a) a detailed estimate giving a complete breakdown of the contract price on Lump Sum Contracts and (b) periodic itemized estimates of work done for the purpose of making partial payments thereon. The costs employed in making up any of these schedules are to be used in determining the basis of partial payments.

7.02 PAYMENTS

Unless otherwise specified, on the first day of each month or within thirty (30) days thereafter, the Town Engineer will estimate approximately the value of the work performed and equipment, materials and supplies delivered on the ground inspected and accepted during the preceding month, according to these specifications, less any retainage and shall be certified by the Town Engineer for payment to the Contractor. The value of the work, as estimated, will be determined by the lump sum and/or unit price bid. Requests for payment for materials on hand shall be accompanied with receipted invoice from supplier. Prior to such payment being made, the Contractor shall execute an agreement, provided by the Town Engineer and Solicitor on behalf of the Town, which details the conditions of payment.

If, in the opinion of the Town Engineer, it is undesirable to replace any defective or damaged materials or to reconstruct or correct any portion of the work injured or not performed in accordance with the contract documents, the compensation to be paid to the Contractor hereunder shall be reduced by such amount as in the judgment of the Town Engineer to be equitable.

No request for payment shall be provided until a Certification of Site Safety Conditions showing no unsafe conditions for each day worked in the payment period has been furnished by the Contractor. When the work performed under this contract has been completed by the Contractor and accepted by the Town, the Town Engineer shall make a final estimate of the work and certify the same, which shall for causes herein specified, pay to the Contractor the balance due, expecting therefrom such sum as may be lawfully retained under any provisions of this contract. All prior estimates and payments including those relating to extra work shall be subjected to corrections by this payment.

The Town shall pay the amount due to the Contractor for each periodic payment, final payment or retainage monies not more than thirty (30) calendar days after the billing date, except as provided herein, which for periodic billing shall be established at the pre-construction meeting and memorialized in the minutes of the pre-construction meeting. Since the Town is a public or governmental agency that requires the governing body to vote on authorizations for each periodic payment, final payment or retainage monies, the amount due may be approved and certified at the next scheduled public meeting of the Town's governing body and paid during the Town's subsequent payment cycle.

7.03 RETAINAGE

The Contractor is advised that for the contracts \$100,000.00 and under for improvements to real property, the sum of ten percent (10%) of the amount due shall be held on each partial payment pending completion of the project.

The Contractor is advised that the Local Public Contracts Law, N.J.S.A. 40A:11-1 et seq., are applicable if the total amount of the contract awarded for this project exceeds \$100,000.00. The provisions of N.J.S.A. 40A:11-1 et seq. provide that the Contractor may:

1. Agree to the withholding of payments in the manner prescribed in the contract or may deposit with the contracting unit registered book bonds, entry municipal bonds, state bonds or other appropriate bonds of the State of New Jersey or negotiable bearer bonds or notes of any political subdivision of the State, the value of which is equal to the amount necessary to satisfy the amount that otherwise would be withheld pursuant to the terms of the contract. The nature and amount of the bonds or notes to be deposited shall be subject to approval by the contracting unit. For the purposes of this section, "value" shall mean per value or current market value, whichever is lower.
2. Such agreement will be indicated by signing of estimate or payment certificates unless written communication to the contrary is made to the Town and the Town Engineer, or if the Contractor agrees to the withholding of payments, the amount withheld shall be deposited, with a banking institution or a savings and loan association insured by an agency of the federal government, in an account bearing interest at the rate currently paid by such institutions or associations on time or savings deposits. The amount withheld or the bonds or notes deposited and any interest accruing on such bonds or notes, shall be returned to the Contractor upon fulfillment of the terms of the contract relating to such withholding. Any interest accruing on such cash withholdings shall be credited to the Town.

Furthermore, N.J.S.A. 40A:11-1 et seq., provides that for contracts over \$100,000.00 for improvements to real property:

1. From the total amounts due as ascertained through a current Engineer's estimate, will be deducted an amount equivalent to two percent (2%) of the amount due on each partial payment shall be withheld by the Town pending completion of the contract.
2. Upon acceptance of the work performed pursuant to the contract for which the Contractor has agreed to the withholding of payments pursuant to this section, all amounts being withheld by the Town shall be released and paid in full to the Contractor as required by law after final acceptance by the Town, without further withholding of any amounts for any purpose whatsoever, provided that the contract has been completed as indicated.

7.04 ACCEPTANCE OF FINAL PAYMENT AS RELEASE

The acceptance by the Contractor of final payment shall be and shall operate as a release by the Town of all claims and all liability to the Contractor other than claims in stated amounts as may be specifically excepted by the Contractor for all things done or furnished in connection with the work and for every act and neglect of the Town; or the Town's designee and others relating to or arising out of this work. Any

payment, however, final or otherwise, shall not release the Contractor or its sureties from any obligations under the contract documents or the performance, payment and maintenance bonds.

7.05 TOWN 'S RIGHT TO WITHHOLD PAYMENTS

The Town may withhold from the Contractor as much of any approved payment due to the Contractor as may, in the judgment of the Town, be necessary to:

- (a) Secure the payment of just claims then due and unpaid by any persons supplying labor or materials for the work, or
- (b) Protect the Town from loss due to defective work not remedied, or
- (c) Protect the Town from loss due to injury to persons or damage to the work or property of other Contractors, Subcontractors or others caused by the act or neglect of the Contractor or any of his Subcontractors that the Town may deem proper to satisfy such claims or to such protection. Such application of such money shall be deemed payment for the amount of the Contractor, or
- (d) Protect the Town from enforcement action by others or from being in non-compliance with laws or regulations due to the failure of the Contractor to supply the Town Engineer and/or the Town with Monthly Manning Reports, Certified Payroll Reports or other submittals required by the Town Engineer or Town.

7.06 COSTS OF ENGINEERING AND INSPECTION

There will be deducted from the contract and retained by the Town, an amount to defray the cost of wages and overhead paid by the Town to the Town Engineer, Inspector or Inspectors employed on the work for any avoidable time in excess of eight (8) hours per day or on Saturdays, Sundays or legal holidays. This amount shall be determined at the rate of the hourly rate contract with the Town per man hour for each Inspector or Engineer for, in excess of eight (8) hours per day and at a rate of the hourly rate contract with the Town per man hour for Saturday, Sunday and holidays for each Inspector or Engineer.

In addition, there will be deducted from the contract and retained by the Town, an amount equal to the cost paid by the Town to the Town Engineer, for all inspection and contract administration performed in excess of the completion time stipulated for the contract or as amended by approved change orders.

7.07 LIENS

Final payment of retained percentage shall not become due until the Contractor furnishes the Town with a complete release of liens arising out of the contract or receipts in full, in lieu thereof, covering claims of any kind or character for work or labor done or labor or materials furnished by the Subcontractor, materialmen persons or corporations whatsoever. The form attached entitled, "Full Release and Waiver of Liens" shall be submitted with the final voucher prior to final payment.

7.08 PREVAILING WAGE PAYMENT CERTIFICATE

The form attached hereto, entitled "Prevailing Wage Payment Certification" shall be executed by the Contractor and submitted with the final voucher prior to final payment.

7.09 CERTIFIED PAYROLL REPORTS

The Contractor shall submit original certified payroll reports within ten (10) days of the payment of wages to the Town with a copy to the Town Clerk, in compliance with N.J.A.C. 12:60-1.1 et seq.

PREVAILING WAGE PAYMENT CERTIFICATION

This form must be executed by Contractor and submitted with final voucher prior to final payment.

TABLE OF CONTENTS
TECHNICAL SPECIFICATIONS

| | <u>SECTION NO.</u> | <u>NO. OF PAGES</u> |
|------------------------------|--------------------|---------------------|
| Scope of Work | Scope | 2 |
| General Requirements | 01000 | 5 |
| Cleaning and Restoration | 01710 | 3 |
| Supplementary Specifications | ----- | 15 |

Scope of Work

1.01 GENERAL

The work on this project consists of asphalt and concrete roadway milling and resurfacing, new curb pieces and grates, new curb, catch basins, sidewalk, driveway aprons, and roadway traffic markings in the Town of Secaucus, Hudson County, New Jersey.

The limits of the work are as follows:

Pandolfi Avenue from 5th Street to Golden Avenue and Raydol Avenue from Humboldt Street to Chestnut Street.

1.02 DESCRIPTION OF WORK

The work for this project includes but is not necessarily limited to the following major work items:

1. The Contractor is to hire a New Jersey Professional Surveyor to layout the roadway. Project Layout shall include elevations for Centerline, Top and Bottom of Curb, Driveway Elevations (curb and sidewalk), and Front and Rear Sidewalk. Project layout is to be paid under the line item "Construction Layout" and to be submitted to the engineer during the submittal approval phase.
2. The re-profiling as shown on the plans, through a combination of milling, installation of a leveling course, and the installation of a surface course.
3. The milling of the existing asphalt surface(s) on the roadway as shown on the plans, followed by a resurfacing with a two-inch (2") thick hot mix asphalt 9.5M64 surface course.
4. The milling of the existing concrete surface(s) on the roadway as shown on the plans, followed by a resurfacing with a two-inch (2") thick hot mix asphalt 9.5M64 surface course.
5. The removal and replacement of inlet curb pieces and grates at various locations.
6. The removal and replacement of concrete curb, sidewalk, driveway aprons and ADA accessible ramps as indicated on the plans or as directed by the engineer in the field.
7. The removal of concrete curb and concrete roadway to create a concrete curb and gutter as indicated on the plans or as directed by the engineer in the field.
8. The removal of Trees ranging from 10" caliper to 36" caliper as indicated on the plans.
9. Topsoil, fertilizer and seed shall be applied where applicable.
10. The contractor is to note that no roof leaders are indicated on the plans. However, all encountered roof leaders are to be replaced and brought through the proposed curb. For bidding purposes, the contractor is to estimate one (1) PVC schedule 40 roof leader at 3" in diameter per dwelling on average from immediately behind the proposed sidewalk. In addition, a 4" PVC sleeve the width of the curb is to be provided. No separate payment will be made, but all costs are to be included in the various items of the proposal.
11. The contractor shall prepare and provide for review a Traffic Safety and Control Plan to the Secaucus Police Department for their review and approval.

12. Perspective bidders are hereby informed that any man-hours for "Police Traffic Directors" in excess of the man-hours indicated in contract will not be paid. If the perspective bidder(s) feel that their means & methodology for completion of the work indicated will potentially be cause for additional man-hours, then the additional cost(s) should be included in the various pay items of the bid proposals.
 13. All related incidental work, including, dust control, and cleaning and restoration.
 14. The contractor is responsible for the location of all utilities and to schedule all work involved with utilities. Any cost related to this coordination shall be included in the various items in the proposal.
- 1.03 The above Scope of Work outlines the general items and shall not be construed as being all-inclusive
- 1.04 The plans entitled **2024 ROAD PROGRAM PANDOLFI AND RAYDOL AVENUE** are appended hereto and made part of these specifications

END OF SCOPE WORK

SECTION 01000

GENERAL REQUIREMENTS

1.01 GENERAL

- A. Only major items of work are given in the Bid Form, but it is the intent of the specifications to secure a completely interconnected and functional system and if any workmanship or materials be required which are obviously necessary to carry out the full intent and meaning of the plans and specifications or to be reasonably inferred therefrom, the cost of workmanship or materials shall be included in the unit price for the major items of work.
- B. Where construction is being performed in traveled roadways, Contractor is to provide necessary traffic control and devices in accordance with the Current Manual on Uniform Traffic Control Devices.
- C. Contractor shall notify all utility companies prior to construction of the work under this contract including the utility "Call Before You Dig" requirement at 1-800-272-1000 for any excavation or asphalt paving work under the contract.
- D. Prior to any excavation, the Contractor shall have all utilities marked, and shall excavate or otherwise determine exact location and elevation of said utilities. The Contractor shall notify the Town Engineer of any conflicts. The Contractor shall arrange for any necessary utility relocations or plan changes and shall reschedule operations appropriately.
- E. The Contractor, in the construction of any project, shall not stockpile materials or equipment on any private property; except areas designated by the plans or as directed by the Town Engineer. If so required, the Town Engineer may direct the Contractor to have his equipment removed from any project during weekend hours.
- F. All work of refilling sunken ditches, repaving over trenches and keeping streets and sidewalks in passable condition shall be done to the satisfaction of the Town during the construction of the above work as well as during the maintenance period. If any work is not done within five (5) days after written notice is given by the Town Engineer, the work may be done by the Town and charged to the Contractor.
- G. Special care shall be taken to prevent contamination, siltation or interfering in any way with the stream flows or ponds along the line of work. No waste matter of any kind will be allowed to discharge into the stream flows or impounded water or any ponds or other bodies of water.
- H. The Contractor is hereby advised that the Soil Erosion and Sediment Control Act (N.J.S.A. 4:24-39 et seq.) is applicable to this project.
- I. It is the intent of the current standards for Soil Erosion and Sediment Control to insure that proper measures for erosion control are employed and provide for the early establishment of vegetation that will help avoid erosion problems during and after construction. It is expected that the Contractor will anticipate possible problems and provide timely and adequate control to prevent or minimized adverse effect.

- J. The Contractor shall apply and pay for all permits that may be required for any of the work involved with this project. Municipalities or Towns having an interest or jurisdiction on this project are: the Town of Secaucus.
- K. Contractor is to notify residents by door-hangers at least forty-eight (48) hours in advance before starting construction work.
- L. All notes on plans shall be made a part of the specifications.
- M. Contractor shall notify the Town Engineer at least forty-eight (48) hours in advance of any work on Saturdays. There will be no work permitted on Sundays or holidays. This project will receive inspections and the normal working hours for the Inspector are from 9:00 A.M. to 4:00 P.M., Monday through Friday. Any overtime inspection costs which are avoidable will be reimbursed by the Contractor.
- N. Contractor shall take extreme care in the placement of asphaltic tack coat so as to not make it visible on the concrete curb. It shall be the Contractor's responsibility to keep the concrete curb clean of this oil.

1.02 PUBLIC UTILITIES

- A. The bidder is advised to ascertain for themselves all of the facts concerning the location of existing utilities.
- B. The Contractor shall cooperate with the utility owners in the adjustment of their facilities and shall notify the utility owners not less than ten (10) days in advance of the time proposed to perform any work that will endanger or affect their facilities.
- C. The Contractor shall permit the owners of utilities or their agents' access to the site of the work at all times in order to relocate, construct or protect their lines and the Contractor shall cooperate with them in performing this work.
- D. Separate payments will not be made for the coordination and cooperation of the Contractor with the utility companies, nor for the protection or replacement of utilities as specified hereinbefore and the bidder shall include all such costs in the prices bid for the various scheduled items in the Bid Form.

1.03 REFERENCE TO THE STANDARD SPECIFICATIONS

- A. Portions of the work performed under this contract shall comply with the requirements of the State of New Jersey Department of Transportation Standard Specifications for Road and Bridge Construction and Standard Inputs 2019 and all requirements modified, as amended or supplemented and whose specifications are made part of these specifications. The New Jersey Department of Transportation Standard Construction Details shall govern except insofar as same are modified, amended or changed in detail drawings prepared specifically for this particular project.
- B. The New Jersey Department of Transportation Standard Specifications for Road and Bridge Construction and Standard Inputs 2019 are made part of these specifications by this reference as

if they were set forth in full. It is the responsibility of the prospective bidder to be familiar with these Standard Specifications. Copies may be examined in the Town Engineer's Office or may be found on the New Jersey Department of Transportation's website.

1.04 MAINTENANCE AND PROTECTION OF TRAFFIC

- A. The Contractor shall erect or place and maintain in good condition, barricades, warning signs, lights, rubber traffic cones and other warning and danger signals and devices, appropriate and adequate for the specific needs and subject to the Town Engineer's approval at working sites, closed roads, intersections, open excavations, locations of material storage, standing equipment and other obstructions, at points where the usable traffic width of the road is reduced and at points where traffic is deflected from its vehicular or pedestrian traffic.
- B. The Contractor shall provide sufficient watchmen and traffic directors and shall take all other precautions including any that may be ordered by the Town Engineer, which are necessary for the safety of the public and protection of the work.
- C. The Contractor shall obtain the approval and consent on all appropriate authorities having jurisdiction, for any detours which may be required. The Contractor shall make all necessary arrangements with such authorities regarding the establishment, maintenance and repair of such detours, the regulations and direction of traffic thereon and the installation and maintenance of sign and traffic devices.
- D. Before beginning work on any phase of the project, the Contractor shall furnish and install all specified warning signals, barricades, wood traffic guides, lights and other devices necessary, in the opinion of the Town Engineer, to protect the public during that phase of operations.
- E. Road construction signs shall be placed at each end of the project along the road for the work along the public road.
- F. During the work on this project, the Contractor shall provide and/or be prepared to provide traffic protection devices in accordance with Part VI "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS," Current Edition. The minimum numbers set forth in the Manual shall be on hand at each separate project site prior to the commencement of any work (or phase of work) and shall be maintained available on the project site throughout the period of the project (or phase). Failure to provide and maintain the minimum number of devices specified in the Manual shall be sufficient cause for the Town Engineer to order cessation of the work. When lack of any required safety devices presents an immediate hazard, the Town Engineer may order that such devices be provided by the Town or by other Contractors, deducting the cost thereof from any monies due or becoming due the Contractor.
- G. Additional devices up to the maximum number set forth in the Manual shall be provided by the Contractor as required or directed prior to the commencement of any operation or phase of an operation requiring such devices.
- H. If found to be an acceptable alternative for police traffic directors by the police department, Traffic Directors (Flagmen) shall be provided whenever alternate two-way traffic is maintained in a single lane, whenever the Contractor's operations require closing of a lane or portion of a lane on a multiple lane roadway, whenever the Contractor's equipment or vehicles are entering or leaving

active roadways at other than normal street intersections whenever a Contractor's operations will be contrary to or cause confusion regarding normal traffic control devices (traffic signals, signs, etc.) within a work area and whenever else, in the opinion of the Engineer, the contractor's operations cause such hazards as to require the use of Traffic Directors.

- I. Traffic Directors shall be responsible and thoroughly familiar with their responsibilities, and while serving as Traffic Directors, shall not be required to perform any other duties, Traffic Directors shall be provided with an orange or red flag, an orange or orange and white traffic safety vest or orange hard hat or other appropriate head gear.
- J. Any restriction of traffic at any time shall be subject to the review of the Engineer and the Police Department having jurisdiction in the work area. The contractor shall submit a schedule of staged construction for review prior to any restriction of traffic.
- K. If detours are proposed by the Contractor, they are to be submitted to the Engineer for review and approval by the Police Department having jurisdiction in the work area and any other agency having jurisdiction of the roadway that will be detoured or roadway that will be used as a detour.
- L. All detour signs shall conform to the requirements for Traffic Control Devices.
- M. Temporary traffic stripes will be necessary to control and guide traffic through individual work areas. The contractor shall submit a scheme for review by the Engineer of all temporary traffic stripes prior to the removal of any existing traffic stripes.
- N. Construction of proposed utilities across existing roadway shall be so staged to maintain one lane in each direction.
- O. The Contractor shall provide adequate means of access for fire, police and emergency vehicles throughout the length of the project.

1.05 DUST CONTROL

The Contractor will be required to maintain all excavation, embankments, stockpiles, haul roads, permanent access roads, plant sites, waste areas, borrow areas and all other work areas within or outside the project boundaries free from dust which would cause a hazard or nuisance to others. Approved temporary methods of stabilization consisting of sprinkling, chemical treatment, light bituminous treatment or similar methods will be permitted to control dust. Sprinkling to be approved, must be repeated at such intervals as to keep all parts of the disturbed area at least damp at all times and the Contractor must have sufficient competent equipment on the job to accomplish this if sprinkling is used. Dust control shall be performed as the work proceeds and whenever a dust nuisance or hazard occurs. If any dust control is not done within twenty-four (24) hours after written notice is given by the Town Engineer, the work may be done by the Town and charged to the Contractor. Cost for dust control shall be included in the prices bid for the various items in the bid forms.

1.06 QUANTITY AND PAYMENT

Unless otherwise provided for in these contract specifications, no separate payment will be made for work associated with this section and all costs shall be included in the various items of the bid proposal.

END OF SECTION

SECTION 01710

CLEANING AND RESTORATION

1.01 DESCRIPTION

- A. Contractor shall provide all equipment, labor and materials required to clean and restore the site to at least the existing condition prior to beginning work.
- B. Maintain premises and public properties free from accumulation of waste, debris, and rubbish caused by work operations.
- C. At completion of work, remove waste materials, rubbish, tools, equipment, machinery and surplus materials; clean all sight exposed surfaces; leave project clean and ready for occupancy.
- D. At completion of project, restore and replace, when and as directed by the Town Engineer, any public or private property disturbed or damaged by Contractor's work operations to a condition at least equal to that existing prior to beginning work, or as otherwise specified. Materials, equipment and methods shall be approved by the Town Engineer.

1.02 MATERIALS

- A. For restorations, use the following materials. All materials shall comply with the following Articles of the New Jersey Department of Transportation Standard Specifications, latest revision, and these specifications.
- B. Grass restorations: See Section 806 "Fertilizing and Seeding" and Section 808 "Sodding."
- C. Pavement Restorations: See Section 401 "Hot Mix Asphalt (HMA) courses."
- D. Restoration of curbs and other concrete structures:
 - 1. Concrete
 - a. Shall conform to Section 903.
 - b. Compressive Strength: 4,500 psi at 28 days.
 - c. Air-entrained
 - 2. Joint Fillers: Section 914.01, preformed Joint Filler.
 - 3. Curing compound: Section 903.10.
 - 4. Roof Drains: Any damaged drains located within the curb shall be restored.
- E. ALL OTHER MATERIALS: As approved by the Town Engineer or authorities having jurisdiction

1.03 METHOD OF CONDUCTING WORK – CLEANING

- A. Requirements of regulatory agencies:

All excess material shall be removed from the site and disposed of by the Contractor at their expense. Cost to be included in the unit price bid for all items. The disposal site(s) shall be a permanently established licensed OSWA (Office of Solid Waste Administration, New Jersey Department of Environmental Protection) landfill(s).

B. Cleaning during construction:

The Contractor shall provide periodic cleaning to keep the work, the site, and adjacent properties free from accumulation of waste materials, rubbish and windblown debris resulting from construction of operations.

Provide on-site containers for the collection of waste materials, debris and rubbish. Maintain containers as required.

- C. The Contractor will be required to maintain all excavations, embankments, stockpiles, haul roads, permanent access roads, plant sites, waste areas, borrow areas, and all other work areas within or outside the project boundaries free from dust which would cause a hazard or nuisance to others. Approved temporary methods of stabilization consisting of sprinkling, chemical treatment, light bituminous treatment or similar methods will be permitted to control dust. Sprinkling, to be approved, must be repeated at such intervals as to keep all parts of the disturbed area at least damp at all times, and the Contractor must have sufficient competent equipment on the job to accomplish this if sprinkling is used. Dust control shall be performed as the work proceeds and whenever a dust nuisance or hazard occurs. If any dust control is not done within twenty-four (24) hours after written notice is given by the Town Engineer, the work may be done by the Town and charged to the Contractor.

1.04 METHODS OF CONSTRUCTION

- A. General: All existing structures, unpaved areas and paved areas disturbed or damaged during work under this Contract shall be restored or replaced to a condition at least equal to that existing prior to the beginning work, or as otherwise specified. The methods of conducting this work shall, as a minimum, conform to the following Articles of the New Jersey Department of Transportation Standard Specifications, latest revision.

B. Grass Restorations:

See Section 806 "Fertilizing and Seeding" and Section 808 "Sodding"

C. Pavement Restorations:

The method of construction employed shall conform to the requirements set forth in Section 301, 304 and 401 of the Standard Specifications as applicable to the type of material being utilized.

Restoration type and thickness shall be as shown on the contract drawings.

D. Restoration of curbs and other concrete structures:

1. Curbs: Section 607

2. Other concrete structures: Restore in accordance with applicable Articles of the Standard Specifications.

E. All Other Restorations:

Restore in accordance with applicable Articles of the Standard Specifications, or as approved by the Town Engineer or authorities having jurisdiction.

1.05 QUANTITY AND PAVEMENT

- A. All costs for cleaning and Restoration shall be included in prices bid for various items scheduled in the proposal.

END OF SECTION

SUPPLEMENTARY SPECIFICATIONS FOR
2024 ROAD PROGRAM PANDOLFI AND RAYDOL AVENUE

IN THE TOWN OF SECAUCUS

COUNTY OF HUDSON

AUTHORIZATION OF CONTRACT

The contract for this project is authorized by the provisions of Local Public Contracts Law, N.J.S.A. 40A:11-1 *et seq.*

SPECIFICATIONS TO BE USED

The 2019 Standard Specifications for Road and Bridge Construction and Standard Inputs of the New Jersey Department of Transportation and as amended herein, shall govern the construction of this project.

WAGE RATES

The Contractor shall pay minimum wage rates determined by the New Jersey Department of Labor.

State rates may be obtained from the New Jersey Department of Labor (Telephone: 609-292-2259) or by accessing the Department of Labor's website at: http://lwd.dol.state.nj.us/labor/wagehour_index.html. The state wage rates in effect at the time of the award will be made a part of this Contract, pursuant to N.J.S.A. 34:11-56.25 *et seq.*

In the event it is found that any employee of the Contractor or any subcontractor covered by this contract has been paid a rate of wages less than the minimum wage required to be paid by the contract, the contracting agency may terminate the Contractor's or subcontractor's right to proceed with the work, or such part of the work, as to which there has been a failure to pay required wages and to prosecute the work to completion or otherwise. The Contractor and his sureties shall be liable to the contracting agency for any excess costs occasioned thereby.

GENERAL

Prior to the start of construction, the Contractor must submit a Material Questionnaire (SA-11) listing all sources of materials. Any materials used on the projects from a non-approved New Jersey Department of Transportation source will be considered non-participating.

Award of contract and subletting will not be permitted to, materials will not be permitted from, and use of equipment will not be permitted that is owned and/or operated by, firms and individuals included in the report of suspensions, debarments and disqualifications of firms and individuals as maintained by the Department of the Treasury, General Services Administration, CN-039, Trenton NJ 08625 (609-292-5400).

Payment for a pay items in the proposal includes all the compensation that will be made for the work of that items as described in the contract documents unless the "basis of payment" clause provides that certain work essential to that items will be paid for under another pay items.

Whenever any section, subsection, subpart, or subheading is amended by such terms as changed to, deleted or added it is construed to mean that it amends that section, subsection, subpart, or subheading of the 2019 Standard Specifications unless otherwise noted.

Whenever reference to page number is made, it is construed to refer to the 2019 Standard Specifications unless otherwise noted.

Henceforth in this supplementary specification whenever reference to the State Department, ME, RE, or Inspector is made; it is construed to mean the particular municipality or county executing this contract.

SECTION 100- GENERAL PROVISIONS

The following sections of the standard specifications are deleted:

SECTION 101 – GENERAL INFORMATION

SECTION 102 – BIDDING REQUIREMENTS AND CONDITIONS

SECTION 103 – AWARD AND EXECUTION OF CONTRACT

SECTION 104 – SCOPE OF WORK

SECTION 105 – CONTROL OF WORK

SECTION 106 – CONTROL OF MATERIAL

SECTION 107 – LEGAL RELATIONS AND RESPONSIBILITY TO PUBLIC

SECTION 108 – PROSECUTION AND PROGRESS

SECTION 109 – MEASUREMENT AND PAYMENT

These sections of the standard specifications are changed to the requirements of the contracting agency contained here, in these contract construction specifications document.

DIVISION 150- CONTRACTUAL REQUIREMENTS

The following sections of the standard specifications are deleted:

SECTION 151 – PERFORMANCE BOND AND PAYMENT BOND

SECTION 152 – INSURANCE

SECTION 153 – PROGRESS SCHEDULE

SECTION 154 – MOBILIZATION

SECTION 155 – CONSTRUCTION FIELD OFFICE

SECTION 156 – MATERIALS FIELD LABORATORY

SECTION 157 – CONSTRUCTION LAYOUT AND MONUMENTS

SECTION 158 – FINAL CLEANUP

These sections of the standard specifications are changed to the requirements of the contracting agency contained herein these construction specifications.

**SECTION 158-SOIL EROSION AND SEDIMENT CONTROL
AND WATER QUALITY CONTROL**

158.04 MEASUREMENT AND PAYMENT

The list of pay items is deleted and the following is added:

Various temporary soil erosions and sediment control and water quality control devices will not be measured for payment.

Separate payment will not be made for temporary soil erosion and sediment control and water quality control and dust control but the cost will be included in the various items in the proposal.

SECTION 159 - TRAFFIC CONTROL

159.03.08 Traffic Division

B. Police

This section is deleted and the following is added:

Police Traffic Directors are required during paving operations or when there is a lane closure. Cost for Police Traffic Directors must be obtained by the Contractor and shall include costs associated with required/necessary clerical costs. The Contractor shall be required to pay for a minimum of 4 hours.

The Contractor may be required to provide traffic detour plans to the Police Department for their review and approval at no additional cost to the owner.

The Following is added:

| <u>Pay Item</u> | <u>Pay Unit</u> |
|--------------------------|-----------------|
| Police Traffic Directors | Man Hours |

SECTION 160 - PRICE ADJUSTMENTS

160.03 Procedure

160.03.01 Fuel Price Adjustment

THE FOLLOWING IS ADDED:

The fuel required for items not listed and for eligible Pay Items in the Contract that individually require less than 500 gallons of fuel will not be eligible for fuel price adjustment. If more than one Contract Pay Item has the same nomenclature but with different thickness depths, or types, each individual Contract Pay Item must require 500 gallons or more fuel to be eligible for fuel price adjustment. If more than one Contract Pay Item has the exact same nomenclature, similar Contract Pay Items will be combined and this total must then require 500 gallons or more of fuel to be eligible for fuel price adjustment.

Fuel price adjustments will not be made in those months for which the monthly fuel price index has changed by less than five percent from the basic fuel price index.

DIVISION 200 – EARTHWORK

SECTION 201 - CLEARING SITE

201.04 Measurement and Payment

The following is added:

Payment for the items “clearing site” in excess of \$10,000.00 will not be made until completion.

Any vegetation or bushes in conflict with the installation of the concrete curb or sidewalk shall be removed and replaced as directed by the Engineer. Cost to be included in price bid for “Clearing Site.”

DIVISION 400 – PAVEMENTS

401 - HOT MIX ASPHALT (HMA) COURSES

401.03.03 HMA Courses

This subsection is replaced by the following:

A. Milling of HMA.

The following section is added:

The removal and disposal of asphalt millings shall be at the cost and responsibility of the Contractor.

The last paragraph is changed to:

Milled areas shall not be left unpaved for longer than 24 hours, unless approved by the Engineer.

401.03.03 HMA Courses

This subsection is replaced by the following:

REPLACE 401.03.03. H WITH THE FOLLOWING:

The Engineer will designate an independent testing agency (Laboratory) to perform the quality assurance sampling, testing and analysis. The Laboratory is required to be accredited by the AASHTO Accreditation Program (www.amrl.net). The Laboratory’s accreditation must include AASHTO T 166 and AASHTO T 209.

The Laboratory Technician who performs the quality assurance sampling shall be certified by the Society of Asphalt. Technologists of New Jersey as an Asphalt Plant. Technologist, Level 1.

The Laboratory will determine air voids from 5 (FIVE), 6 inch diameter cores taken from each lot in random locations within the traveled way and at least one core in each travel lane. The Laboratory will determine air voids of cores from the values for the maximum specific gravity of the mix according and the bulk specific gravity of the core. The Laboratory will determine the maximum specific gravity of the mix according to NJDOT B-3 and AASHTO T 209, except that minimum sample size may be waived in order to use a 6-inch diameter core sample. The Laboratory will determine the bulk specific gravity of the compacted mixture by testing each core according to AASHTO T 166.

The Laboratory will calculate the in-place air voids of each completed lot outside the acceptable range of 2 percent air voids to 8 percent air voids.

The RE will assess a reduction in lot due to nonconformance to air voids according to the table 401.03.03-3.

| Table 401.03.03-3 Reduction for Nonconformance to Air Voids Requirements | |
|---|--------------------------|
| Lot Average Air Void Value | Reduction Per Lot |
| 0.0 to 1.9 | 10 |
| 2.0 to 8.0 | 0 |
| 8.1 to 9.0 | 5 |
| 9.0 to 10.0 | 15 |
| 10.1 to 12.0 | 30 |
| Over 12.0 | Remove & Replace |

If the average air voids for the lot is greater than 12.0 percent, remove and replace the lot. The replacement work is subject to the same requirements as the initial work.

401.03.03 I Thickness Requirements

THIS SUBSECTION IS DELETED. IN NO INSTANCE WILL A COMPACTED AVERAGE THICKNESS OF LESS THAN 1.25 INCHES BE ACCEPTABLE.

REPLACE 401.03.03. J WITH THE FOLLOWING:

- J. **Ride Quality Requirements.** The Department may evaluate the HMA surface course placed in travel lanes using the International Roughness Index (IRI) according to ASME E 1926. Other areas will be tested with a 10 foot straight edge. The Department will use the measured IRI and straight edge to compute pay adjustment (PA). The PA will be negative for defective work.

The RE will designate an independent testing agency to perform the ride quality testing and analysis. The testing agency is required to comply with certification requirements according to NJDOT R-1.

The Department will calculate the Pay Adjustment (PA) as specified in Table 401.03.03-7 and will base PA on lots of 0.01 mile length for each travel lane.

1. Smoothness Measurement

The testing agency will test the longitudinal profile of the HMA surface course for ride quality with a Class 1 Inertial Profiling System according to AASHTO MP 11 approved according to AASHTO PP 49.

The testing agency will test the full extent of the pavement in the direction of travel in each wheel path. The single IRI value reported for each 0.01 mile lot of pavement is the average of 3 runs.

2. Other Areas.

In addition to the above, a 10-foot straightedge shall be used for the following areas: transverse profile of the finished riding surface, longitudinal and transverse profile of shoulders and ramps, utility hardware, drainage inlets and manholes, and any other areas so designated in the Special Provisions. Any areas that have more than a ¼ inch deviation between any two contact points of the straightedge shall be corrected by the Contractor using infrared heating to rework the material in a manner approved by the Engineer. Following correction, the area will be retested to verify compliance, each individual non-complying location will be assessed \$250 negative PA.

3. Control Testing.

Perform control testing during HMA placement to ensure compliance with the ride quality requirements specified in Table 401.03.03-7.

4. Preparation for IRI Testing.

Provide the necessary traffic control when the testing agency performs IRI testing. Perform required mechanical sweeping of the surface course before IRI testing. To facilitate auto triggering on laser profilers, place a single line of preformed traffic marking tape perpendicular to the roadway baseline 300 feet before the beginning of each lane to be tested.

5. Acceptance

The Engineer will determine acceptance and make payment adjustments based on the following:

i. Pay Adjustment

The pay equations in Table 401.03.03-7 express the pay adjustment in dollars per lot of 0.01 mile. For lots of any other length, the Engineer will scale the pay adjustment up or down in proportion to the actual length of the lot. IRI numbers are in inches per mile.

Table 401.03.03-7 Pay Equations for IRI Ride Quality for 0.01 Mile

| | | |
|--|-----------------|------------------------------|
| Local Roadways with Posted Speed ≥ 45 MPH | IRI ≤ 100 | PA = \$0 |
| | 100 < IRI ≤ 220 | PA = (IRI – 100) x (-\$1.43) |
| | IRI > 170 | Remove & Replace |
| Local Roadways with Posted Speed < 45 MPH | IRI ≤ 120 | PA = \$0 |
| | 120 < IRI ≤ 220 | PA = (IRI – 120) x (-\$1.00) |
| | IRI > 220 | Remove & Replace |

ii. Retest provision

After testing, if the IRI exceeds the Remove and Replace value (RRV) in table 401.03.03-7, the testing agency will retest the lot. The testing agency will average the IRI values from the initial test and the retest to determine the final result.

iii. Removal and Replacement

If the average IRI is greater than the RRV after a retest is performed, remove and replace the lot. Any replacement work is subject to the same requirements as the initial work. If only a small percentage (less than 8 percent) of paving lots falls under the RRV, the RE may allow the Contractor to submit a plan for corrective action. If the Contractor's plan for corrective action is not approved, the RE may require removal and replacement, or may allow the lot to remain in place and the lot will be subject to the pay adjustment as computed in Table 401.03.03-7. If the Contractor's plan for corrective action is approved and the lot is reworked, the testing agency will test and evaluate it as a new lot that must meet the same requirements as the initial work.

DIVISION 500 – BRIDGES AND STRUCTURES

SECTION 513 – RETAINING WALLS

513.01 DESCRIPTION

THIS SUBSECTION IS REVISED TO:

This Section describes the requirements for constructing a mechanically stabilized earth (MSE) wall system to the final elevations shown on the plans and as directed by the Engineer.

513.02 MATERIALS

THE FOLLOWING IS ADDED TO THE END OF THIS SUBSECTION:

All materials to be used to construct the proposed wall system shall be submitted via shop drawings to the Engineer for approval prior to construction. The color and finish texture options of the modular blocks shall also be submitted for selection and approval prior to the ordering of any materials.

513.04 MEASUREMENT AND PAYMENT

THE FOLLOWING IS ADDED TO THE END OF THIS SUBSECTION:

All associated costs required for the completion of this work shall be included in the square foot price bid for the retaining wall. In accordance with this section, the walls shall be designed by a licensed professional engineer in the State of New Jersey. Signed and sealed drawings of the design shall be provided for approval by the Engineer prior to construction. All associated costs with this design and all submittals shall also be included in the square foot prices bid for RETAINING WALL, LOCATION NO. .

DIVISION 600- MISCELLANEOUS CONSTRUCTION

SECTION 602 - DRAINAGE STRUCTURES

602.03.03 Setting Castings, Resetting Castings, and Reconstructing Inlets and Manholes

The following is added:

Existing inlet and manhole castings which are no longer required shall become the property of the Town of Secaucus.

602.03.07 Curb Pieces

The following is added:

Existing curb pieces that are no longer required shall become the property of the Town of Secaucus.

606 - SIDEWALKS, DRIVEWAYS, AND ISLANDS

606.03.03 Detectible Warning Surfaces

This subsection is deleted, and the following is added to this section:

Description.

This work shall consist of applying slip-resistant detectable warnings surface on Portland cement concrete sidewalk required by 4.1 and 4.7 of the ADA Accessibility Guidelines for Buildings and Facilities (ADAAG), for delineation of public sidewalk curb ramps.

Materials.

Detectable warnings shall consist of raised truncated domes with a diameter of nominal 0.9 in, a height of nominal 0.2 in and a center-to-center spacing of nominal 2.35 in (60mm) and shall contrast visually with adjoining surfaces, either light-on-dark, or dark-on-light.

The material used to provide contrast shall be an integral part of the walking surface. Detectable warnings sued on interior surfaces shall differ from adjoining walking surfaces in resiliency or sound-on-cane contact.

Construction Requirements.

Equipment and procedures for applying detectable warnings on walkway surfaces shall be such that the material is not damaged during installation.

The detectable warnings shall be installed four (4) feet in width (parallel to the street) and two (2) feet in longitudinal direction (perpendicular to the street).

All detectable warning material determined to be damaged or not to be in conformance with these specifications or plans, shall be removed and replaced at no cost to the state.

606.04 MEASUREMENT AND PAYMENT

The following is added:

Payment for the removal and disposal of any existing sidewalks and/or driveways and all adjacent site restoration, unless payment is otherwise provided for under other pay items, will be included in the unit price bid for Concrete Sidewalk of the various kinds.

SECTION 607 - CURBS

607.04 MEASUREMENT AND PAYMENT

The following is added:

Payment for the removal and disposal of any existing curb and all adjacent site restoration will be included in the unit price bids for 9"x18" Concrete Vertical Curb. No separate payment will be provided for any saw cutting.

DIVISION 650- UTILITIES

The following sections of the standard specifications are deleted:

SECTION 651 – WATER

SECTION 652 – SANITARY SEWER

SECTION 653 – GAS

These sections of the standard specifications are changed to the requirements of the contracting agency contained herein these contract construction specifications.

SECTION 654 – WATER, GAS, AND SANITARY SEWER LINES

164.02 DESCRIPTION

This section describes the work for resetting of sewer vents and sanitary sewer cleanouts; water valve boxes, storm sewer cleanouts; and underdrain cleanouts.

654.02 MATERIALS

| | |
|-------------------------------|--------|
| Coarse Aggregate (No.57)..... | 901.03 |
| Concrete..... | 903.03 |
| Castings..... | 909.03 |

654.03 CONSTRUCTION

1. Methods of construction shall be such that, when reset, the vent/valve/cleanout boxes shall conform to the grade of the resurfaced or regraded area.
2. Care shall be exercised in resetting the vent/valve/cleanout boxes. After resetting, the vent/valve/cleanout boxes shall be protected until the final resurfacing course has been laid. Castings that are damaged because of construction operations or vehicular traffic shall be replaced in kind and in a manner satisfactory to the utility company concerned without additional compensation.

654.04 MEASUREMENT AND PAYMENT

| <i>Item</i> | <i>Pay Unit</i> |
|------------------------|-----------------|
| RESET VENT/VALVE BOXES | UNIT |

Reset sanitary sewer cleanouts, storm sewer cleanouts, water valve boxes, and underdrain cleanouts will be measured for payment by the unit under the item Reset Vent/Valve Boxes.

SECTION 902 – ASPHALT

902.02.03 MIX DESIGN

THE FOLLOWING IS ADDED TO THE FIRST PARAGRAPH:

Unless otherwise approved by the Engineer, only one source of supply for hot mix asphalt surface course may be used on the project.

902.02.04 SAMPLING AND TESTING

ADD THE FOLLOWING ITEMS TO 902.02.04:

E. Acceptance of HMA. The Department may accept the HMA as specified in 902.02.04.A through 902.02.04, E by employing staff or an independent testing agency at the HMA plant during production. The inspector who performs the quality assurance sampling shall be certified by the Society of Asphalt Technologists of New Jersey as an Asphalt Plant Technologist, Level 2.

Alternatively, the Department may accept the HMA by Certification of Compliance according to 106.07.

SECTION 909 – LANDSCAPING MATERIALS

909.10 Topsoil

A. UNACCEPTABLE TOPSOIL SOURCES.

ITEM 1 IS CHANGED TO:

- 1. Soils having less than 4.1 pH value, or greater than 8.0 pH value.

Separate Payment will not be made for Plant Establishment Period, but the costs shall be included in the price bid for plantings of the various kinds and sizes. Contractor shall guarantee and maintain the planting for the duration of the two-year contract maintenance bond.

The following is added:

| <i>Pay Item</i> | <i>Pay Unit</i> |
|---|-----------------|
| Large Deciduous Tree 2" to 2-1/2" Caliper (Syringa Reticulata 'Ivory Silk') B&B | Unit |
| Large Deciduous Tree 2" to 2-1/2" Caliper (Prunus Serrulata 'Kwanzan') B&B | Unit |

SECTION 912 – PAINTS, COATINGS, TRAFFIC STRIPES, AND TRAFFIC MARKINGS

912.03.02 Thermoplastic Traffic Markings

THE FOLLOWING IS ADDED TO THE FIRST PARAGRAPH:

Ensure that glass beads do not contain more than 200 ppm of lead, 200 ppm of antimony, or 100 ppm of arsenic.

SECTION 919 – MISCELLANEOUS

919.14 DETECTABLE WARNING SURFACE

THIS SUBSECTION IS REPLACED WITH THE FOLLOWING:

For cast-in-place detectable warning surfaces, use Armor-Tile Model ADA-C-2448 or approved equal.

END OF SUPPLEMENTARY SPECIFICATIONS

APPENDIX 1

NEW JERSEY PREVAILING WAGE RATES

It is recommended the bidder download the wage rates immediately prior to the scheduled bid due date to ensure the latest rates are included in their bid.

<https://www.nj.gov/labor/wageandhour/prevaling-rates/public-works/currentprevailingwage.shtml>
